This is right before our first FOCUS family dinner. If you can't make that time, we are offering a second time on Friday, September 18th at 8:00. AM Please join us and see how Title 1 works at Murdock.

A MESSAGE FROM THE NURSE:

Please be sure that we are able to reach you in the event of an emergency. If you are unsure that the school has a correct working telephone number to reach you please feel free to call and double check any time. Please remember to notify the school if your number changes. If you are without a working number for any period of time, please send in a letter to notify your student's teacher with a different way that we may reach you.

JUST A FEW REMINDERS: In hopes of keeping Murdock a healthy environment, I am asking for your help!

Please help me keep Murdock students healthy and germ free. Some things that you can do are to remember that if your child has vomited, had diarrhea or a fever (anything higher than 100) they must be vomit, diarrhea or fever free without medication for 24 hours. If you are unsure that your child is ready to return after an illness, please always feel free to call and discuss it with me. Staying home during an illness helps prevent it from spreading and gives your child enough time to recover to be able to perform at their very best.

Any questions I can be reached at (765)771-6120. Here's to a safe and healthy 2015-16 School Year! Thanks, Mrs. Monique
