

Staff Performance Plan Submission Cover Sheet

SY 2022-2023

Context: Indiana Code (IC) 20-28-11.5-8(d) requires each school corporation to submit its entire staff performance evaluation plan to the Indiana Department of Education (IDOE) and requires IDOE to publish the plans on its website. This cover sheet is meant to provide a reference for IDOE staff and key stakeholders to view the statutory- and regulatory-required components of staff performance evaluation plans for each school corporation. Furthermore, in accordance with IC 20-28-11.5-8(d), a school corporation must submit its staff performance evaluation plan to IDOE for approval in order to qualify for any grant funding related to this chapter. Thus, it is essential that the reference page numbers included below clearly demonstrate fulfillment of the statutory (IC 20-28-11.5) and regulatory (511 IAC 10-6) requirements.

School Corporation Name	Lafayette School Corporation
School Corporation Number	7855
Evaluation Plan Website Link	https://www.lsc.k12.in.us/departments/personnel/teacher_evaluation_documents

For the 2022-2023 School Year, we have adopted the following Evaluation Model:

- ☐ The System for Teacher and Student Advancement (TAP)
- ☐ The Peer Assistance and Review Teacher Evaluation System (PAR)
- ☐ RISE 3.0 State Model
- ☒ Locally Developed Plan
- ☐ Other _____

Instructions:

In the chart below, please type the page numbers in your staff performance evaluation document which clearly display compliance with the requirements. Please note, your plan may include many other sections not listed below.

Submission:

Once completed, please **upload this cover sheet via the following [Jotform](#) by Friday, September 16, 2022**. If you cannot provide a direct website link (above) to your evaluation plan, you must upload the entire plan and this cover sheet as a single PDF. Please make sure the link provided will lead directly to your evaluation plan, and that a login and password will not be required for access. Contact [Dr. Rebecca Estes](#), Senior Director of Educator Talent, with any questions.

Teacher Professional Practice

Teacher professional practice will be measured by long and short administrative observations culminating with the completion at the end of the year of the Teacher Effectiveness Rubric (TER) which will result in an effectiveness rating worth 100% of the overall final rating of a teacher.

Observations will be according to the following procedures:

- Each teacher will be observed by an administrator at least once via a long observation (ideally one each semester) that will last approximately 40 minutes. The observation may be announced or unannounced and there is no requirement to pre-conference with the teacher, however, the administrator or the teacher may request a pre-conference meeting if the observation is announced. Written and/or oral feedback will be provided by the administrator to the teacher. The administrator will use the current LSC evaluation tool during long observations.
- Administrators will perform at least two (2) short observations that last approximately 10 minutes in length. Short observations will not be announced. The teacher will receive feedback. This feedback may come in electronic form. The current conversational audit form will be utilized during short observations.
- Administrators may request, or teachers may submit without request, documents which support the teachers' effort in the classroom to help with the final scoring of the teachers' effectiveness. This is especially true in domain 1, planning and domain 3, leadership. Lesson plans, unit plans, instructional materials, assessment instruments, team/department meeting documents, phone logs, notes from parent-teacher conferences, PGP's from professional development etc. can all be helpful to an administrator as they prepare to make a final scoring of a teachers' effectiveness.
- Final scoring of the TER will be done at the end of the year. Administrators will utilize the results of the LSC evaluation tool, LSC instructional audit, other documents provided by the teacher, and professional judgment to score the teachers effectiveness on the Teacher Effectiveness Rubric (TER) document.
- When scoring the final TER the administrator will score each indicator of each domain with a 4 for highly effective, 3 for effective, 2 for needs improvement and 1 for ineffective.
- Core Professionalism plays a role in the final scoring as well. The LSC Teacher Effectiveness Rubric outlines 4 areas of core professionalism. If the teacher meets the standards set forth for each core professionalism area then the scoring from Domains 1, 2, and 3 will not change. However, a half point is deducted from the overall TER rubric if any standard is not met.

Questions and Answers

What requirements are there for evaluations?

Staff Performance Evaluation Plans MUST:

- Be in writing;
- Be discussed with teachers or the teachers' representative, if there is one. This discussion is not subject to the open-door law (IC5-14-1.5). The plan is not subject to bargaining, but a discussion of the plan must be held;
- Be explained to the governing body in a public meeting; before the evaluations are conducted; and
- Be submitted to IDOE annually (**September 16, 2022**) in order to qualify for any related grant funding.

Staff Performance Evaluation Plans MUST Include:

- Performance evaluations for all certificated employees, conducted at least annually;
- Rigorous measures of effectiveness, including observations and other performance indicators;
- An annual designation of each certificated employee in one (1) of the following rating categories: (A) Highly Effective. (B) Effective. (C) Improvement Necessary. (D) Ineffective;
- Discussion of the evaluation between evaluator and certificated employee;
- An explanation of the evaluator's recommendations for improvement, and the time in which improvement is expected;
- A provision that a teacher who negatively affects student achievement and growth cannot receive a rating of highly effective or effective; and
- A pre-evaluation planning session conducted by the superintendent or equivalent authority for the school corporation with the principals in the school corporation.

What are the areas in which I will be evaluated?

You will be evaluated using the Teacher Effectiveness Rubric (TER). Additionally, the specific domains are: Purposeful Planning, Effective Instruction, School Leadership, and Professionalism.

In what categories might I be placed?

- Highly Effective
- Effective
- Needs Improvement
- Ineffective

What are the indicators on the TER?

Domain 1: Purposeful Planning

1.1	Utilize assessment data to plan
1.2	Set ambitious and measurable achievement goals
1.2a	Selects objectives appropriate to the ability of the students
1.3	Develop standards-based unit plans and assessments
1.4	Create objective-driven lesson plans and assessments
1.4a	Selects instructional materials appropriate for level of objectives of the lesson, the level of the class, and the teaching methods
1.5	Track student data and analyze progress

Domain 2: Effective Instruction

2.1	Develop student understanding and mastery of lesson objectives
2.2	Demonstrate and clearly communicate content knowledge to students
2.2a	Presents content of the lesson so it is understandable to students
2.3	Engages students in academic content
2.3a	Encourages productive engagement
2.4	Check for understanding
2.4a	Teacher regularly assesses student progress: checks for understanding, uses multiple individual and group assessments, uses authentic assessments as appropriate, provides timely feedback, assesses accurately and efficiently, assigns unguided practice as appropriate, demonstrates learning objective(s) have been accomplished students: students have work to complete that is related to appropriate standards, students are expected to complete homework, students redo work, and when used, students follow rubrics to guide learning
2.5	Modify instruction as needed
2.5a1	Recognizes individual differences in students and adjusts practices accordingly
2.5a2	Utilizes ongoing assessments to modify lesson if necessary
2.6	Develop higher level of understanding through rigorous instruction and work
2.6a	Encourages critical thinking
2.7	Maximizes instructional time
2.7a1	Begins class promptly to the best of his/her ability considering special student or school circumstances
2.7a2	Has the classroom and work ready for students
2.7a3	Implements rules, discipline plan, procedures, and routines
2.8	Creates classroom culture of respect and collaboration
2.8a1	Creates climate conducive to learning
2.8a2	Treats students equitably
2.8a3	Encourages positive social interaction
2.9	Sets high expectations for academic success
2.9a1	Selects objectives appropriate for the ability of the students
2.9a2	Communicates expectations

Domain 3: School Leadership

3.1	Contribute to School Culture
3.2	Collaborate with peers
3.3	Seek professional skills and knowledge
3.4	Advocate for student success

Domain 4: Core Professionalism

- Attendance
- Respect
- On-time

- Policies and Procedures

How much is each area on the TER worth?

- Domain 1 (planning) = 10%
- Domain 2 (Instruction) = 75%
- Domain 3 (leadership) = 15%

1. What is a primary evaluator?

This is the evaluator that will be responsible for your summative rating. They are responsible for approving additional assessments, setting goals, and looking at the information you provide and any other evaluator's information. They are responsible for determining your summative, or final rating, and will meet with you to discuss this rating in an "end of the year conference." All evaluators have received annual training in the LSC model and evaluation best practices.

Periodic in-services/information will be given to administrators on classroom best practices and best practice for teacher evaluations. Evaluators will be administrators or their designee. It is not the LSC policy to use classroom teachers as evaluators.

2. What is a secondary evaluator?

This evaluator may perform informal/short observations or formal evaluations as well as work with teachers to set goals for a professional development/improvement plan. The data this person collects is passed on to the primary evaluator responsible for assigning a summative rating. All evaluators have or will have received training in LSC model and also in the RISE model.

3. How many observations will I have?

LSC teachers in good standing will have at least 1 40-minute formal observation. Additionally, the teacher will have at least 2 informal/short observations. This is the minimum requirement for all teachers.

- An observation "window" will be given for formal observations.
- Teachers with a rating of ineffective or needs improvement may have more than the minimum observations during the school year.

4. Are there mandatory pre-conference/post-conferences with the formal observation?

- An initial pre-conference (before the observation cycle begins) will be provided by the evaluator
- A post-conference will occur after a formal observation

5. What is a walkthrough/short observation?

A walkthrough lasts a minimum of ten minutes and is not announced. There are no conferencing requirements around short observations, but a post observation conference may be scheduled by the evaluator or teacher if there are areas of concern. An educator will receive written feedback following each of the two informal/short observations during the school year.

6. Is there any additional support for struggling educators?

It is expected that a struggling educator will receive observations above and beyond the

minimum number required. This may be any combination of formal observations, informal/short observations and conferences that the primary evaluator deems appropriate. At the discretion of the administrator, a teacher who is struggling may be put on a “mini” improvement plan in order to help them be successful during the evaluation process.

7. *Will my formal and informal observations be scored?*

Both extended and short observations are times for evaluators to collect information. There will be no summative rating assigned until all information is collected and analyzed at the end of the school year. However, all evaluators are expected to provide specific and meaningful feedback on performance. Short observations should be shared with teachers within 2 business days and long observations should be shared within five business days.

8. *What if my primary evaluator doesn’t see evidence, since some areas are difficult to assess through classroom observations?*

The LSC evaluators may collect material outside the classroom areas to assess these domains. *Educators should also be proactive in demonstrating their proficiency in these areas.* Examples of material for these domains may include (but are not limited to):

- Domain 1: Planning- lessons and unit plans, planned instructional materials and activities, assessment systems for record keeping and other artifacts.
- Domain: Leadership- documents from team planning, collaboration, parental call logs, notes, attendance records from professional development logs, PGP certificates, grant applications, out of school activities, agendas, or programs, or any other relevant information.

Because of all the indicators, the evaluator may use video during the lesson/observation to record information for further review.

These documents may be uploaded into the LSC Teacher Evaluation system at any time.

9. *What is a Formal Instructional Improvement Plan? When do I do this?*

An important part of our profession is to reflect and adjust teacher behavior to affect student learning. Although every educator is encouraged to set goals around his/her performance, only educators who score an ineffective or improvement necessary on their summative evaluation the previous year are required to have a professional development plan monitored by an evaluator.

10. *What is the process for setting goals and assessing my progress?*

For the teacher who has a formal instructional improvement plan, administrators will set goals and expectations for teachers and will discuss them at the beginning of the academic year. The goals are monitored, revised, and progress is formally discussed at a mid-year conference. Professional development goals will be tied to areas of improvement. The state requires educators on an improvement plan to use license renewal credits for professional development activities.

11. *How will the evaluation process look?*

See flow chart on page 9

12. *What happens if I want to check on my progress?*

Administrators or teachers may request a mid-year conference to update the teacher on progress. In addition, a website will be available where teachers may see all their evaluations.

13. *What happens if I am rated Ineffective?*

Students may not be assigned two years in a row to an ineffective teacher. If this is unavoidable, teachers who are ineffective must have a letter sent by the school to their students' parents that say that their child is being taught by an ineffective teacher. In addition, the teacher is required to complete an improvement plan. The teacher is not eligible for any raise while rated ineffective.

14. *What happens if I am rated Needs Improvement or Ineffective?*

Teachers who are rated needs improvement will be required to complete an improvement plan with a timeline to be determined by the immediate supervisor. The teacher is not eligible for any raise while rated needs improvement. The same procedure applies to those who are ineffective (timeline 90 days). License renewal credits (PGP points) will need to be earned in areas intended to assist the employee in obtaining an effective rating. *If you are rated ineffective, you can seek a private conference with the superintendent or the superintendent's designee no later than 5 days after receiving notice of said rating.*

15. *What happens if I am identified as a teacher who negatively affects student achievement and growth?*

By law, you cannot be rated highly effective or effective if you have a negative impact on student achievement and growth. Therefore, you are not eligible for a raise. Teachers who negatively affect student achievement and growth will be determined by the TER.

16. *What if I receive an Ineffective two years in a row?*

The grounds for cancellation of your contract have been met, and administration may seek a cancellation of your contract.

17. *What happens with my teacher evaluation score? Is it published?*

We are required to send the scores by teacher personnel number to the State Department of Education. The only time this would be released to parents is when we are required to send letters home if an ineffective educator is their child's teacher two years in a row.

Administrators will make every attempt to avoid this by hand placing students in classrooms if necessary, giving the classroom teacher time to improve without community pressure.

18. *What happens if I am on maternity leave or I am absent for an extended period of time?*

If evaluations or data are insufficient to complete the summative evaluation, the teacher will be reported as the rating they received the previous year. Because of this, if the teacher was previously ranked ineffective or needs improvement the teacher will not be eligible for a salary increase.

19. ***What happens if I am struggling and I am afraid I will receive a Needs Improvement or Ineffective rating?***

If your administrator is concerned that a needs improvement or ineffective rating could be earned by the end of the school year, the administrator may put you on an informal or “mini” improvement plan. These plans are designed to give the teacher assistance and build skills to a path that would allow for an effective or highly effective rating.

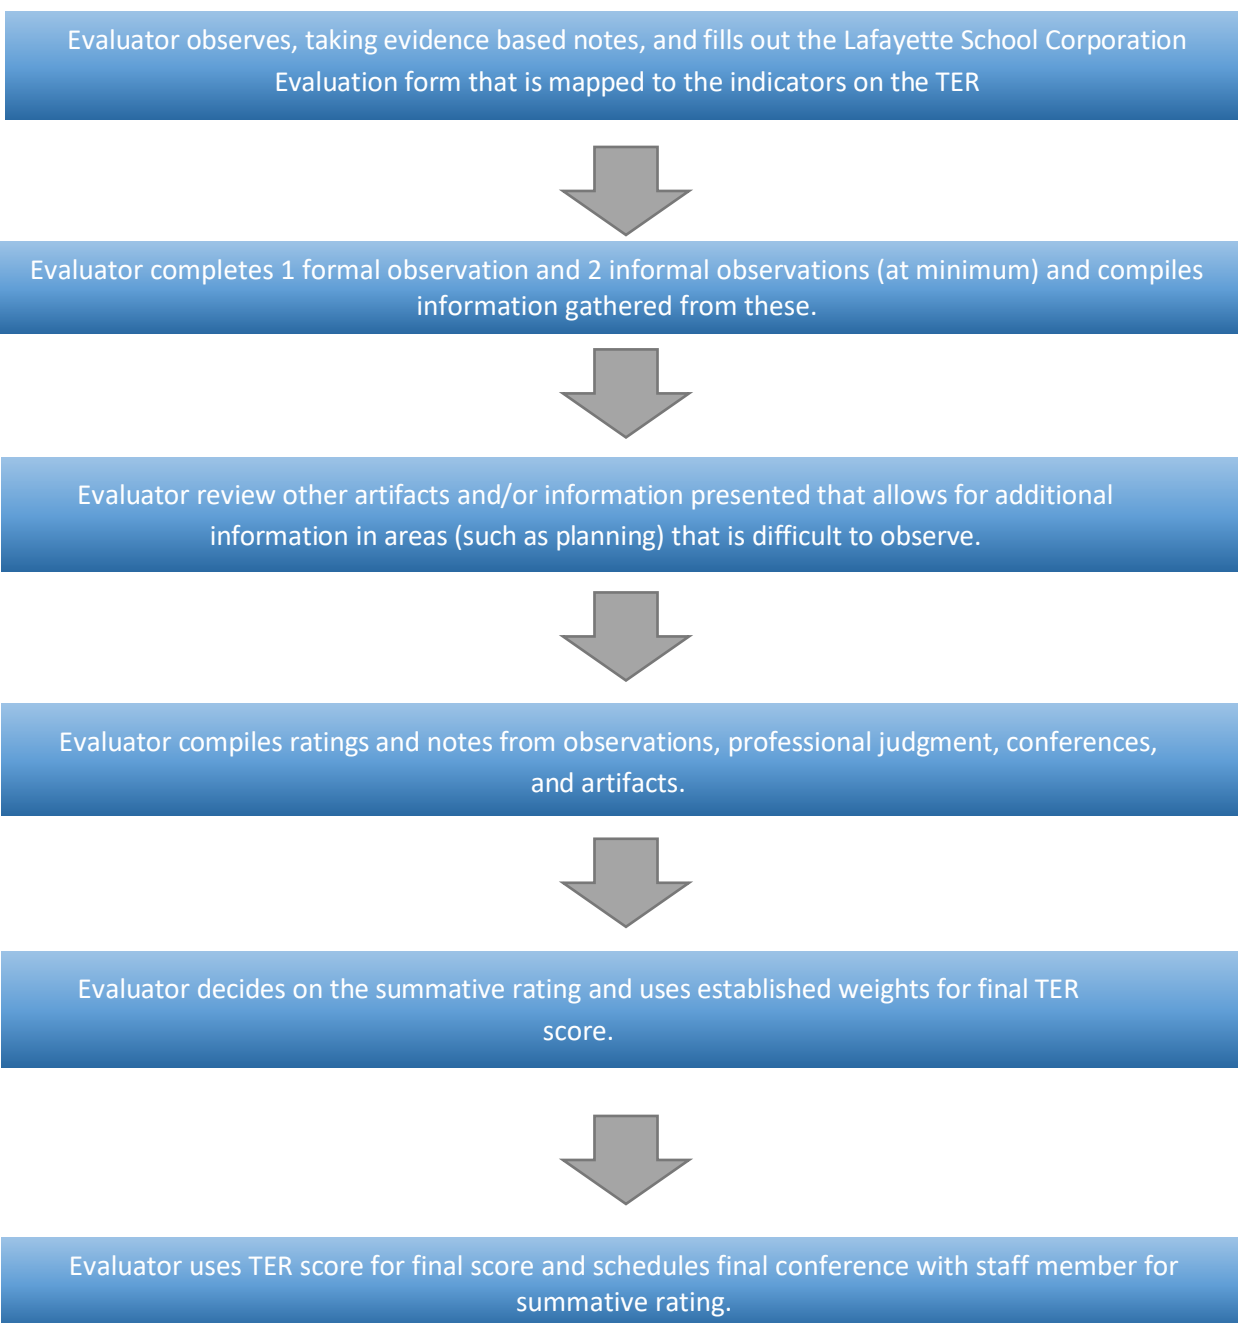

20. ***How will I know my final rating?***

Once the evaluator has reviewed documentation submitted by the teacher, the administrator will combine formal and informal observation data with any additional information and assign a final score and rating. The evaluator will then meet with the teacher to review and discuss the final rating. This will be done seven days after the evaluation is completed.

21. ***What if I have questions on my teacher evaluation?***

Each building administrator will provide teacher evaluation information during the first day of school meeting. Additionally, new teachers will receive an in-service on teacher evaluation procedures for LSC. The entire document will be posted on the district share drive for all teachers/certified staff to access. Changes to the LSC Teacher Evaluation Document will be discussed with the LEA during monthly discussion.

1.4a	Selects instructional materials appropriate for level of objectives of the lesson, the level of the class, and the teaching methods.	A wide variety of materials and resources are selected that support instructional objectives and engage all students in meaningful learning.	Materials and resources support instructional objectives and engage most of the students in meaningful learning.	Some materials and resources support instructional objectives and engage some of the students in meaningful learning.	Materials and resources are non-existent or do not support the instructional objectives or engage students in meaningful learning.
1.5	Track Student Data and Analyze Progress	<p>At Level 4, a teacher fulfills the criteria for Level 3 and additionally:</p> <ul style="list-style-type: none"> -Uses daily checks for understanding for additional data points -Updates tracking system frequently -Uses data analysis of student progress to drive lesson planning for the following day 	<p>Teacher uses an effective data tracking system for:</p> <ul style="list-style-type: none"> -Recording student assessment/progress data -Analyzing student progress towards mastery and planning future lessons/units accordingly -Maintaining a grading system aligned to student learning goals 	<p>Teacher uses an effective data tracking system for:</p> <ul style="list-style-type: none"> -Recording student assessment/progress data -Maintaining a grading system <p>Teacher may not:</p> <ul style="list-style-type: none"> -Use data to analyze student progress towards mastery or to plan future lessons/units -Have grading system that appropriately aligns with student learning goals 	Teacher rarely or never uses a data tracking system to record student assessment/progress data and/or has no discernible grading system.

DOMAIN 2: EFFECTIVE INSTRUCTION

Teachers facilitate student academic practice so that all students are participating and have the opportunity to gain mastery of the objectives in a classroom environment that fosters a climate of urgency and expectation around achievement, excellence and respect.

Indicator		Highly Effective (4)	Effective (3)	Improvement Necessary (2)	Ineffective (1)
2.1	Develop student understanding and mastery of lesson objectives	<p><i>For Level 4, all of the evidence listed under Level 3 is present, as well as some of the following:</i></p> <ul style="list-style-type: none"> -Students can explain what they are learning and why it is important, beyond repeating the stated objective -Teacher effectively engages prior knowledge of students in connecting to lesson. 2.5	Modify Instruction as Needed	<p><i>For Level 4, all of the evidence listed under Level 3 is present, as well as some of the following:</i></p> <ul style="list-style-type: none"> -Teacher anticipates student misunderstandings and preemptively addresses them -Teacher is able to modify instruction to respond to misunderstandings without taking away from the flow of the lesson or losing engagement 	<ul style="list-style-type: none"> -Teacher makes appropriate adjustments to instruction based on checks for understanding that lead to increased understanding for most students -Teacher differentiates delivery of instruction based on checks for understanding and assessment data to meet diverse student needs -Teacher responds to misunderstandings with effective scaffolding techniques -Teacher doesn't give up, but continues to try to address misunderstanding with different techniques if the first try is not successful 	<ul style="list-style-type: none"> -Teacher may attempt to make adjustments to instruction based on checks for understanding, but these attempts may be misguided and may not increase understanding for all students -Teacher may primarily respond to misunderstandings by using teacher-driven scaffolding techniques (for example, re-explaining a concept), when student-driven techniques could have been more effective -Teacher may persist in using a particular technique for responding to a misunderstanding, even when it is not succeeding 	<ul style="list-style-type: none"> -Teacher rarely or never attempts to adjust instruction based on checks for understanding, and any attempts at doing so frequently fail to increase understanding for students -Teacher only responds to misunderstandings by using teacher-driven scaffolding techniques -Teacher repeatedly uses the same technique to respond to misunderstandings, even when it is not succeeding

2.5a.1	Recognizes individual differences in students and adjusts practices accordingly	Teacher demonstrates the use of pre-assessment data to form flexible instructional groups and plans and implements strategies to meet the varying learning needs. Teacher implements a wide variety of materials. Pace of instruction is appropriate to the goals of the lesson and to the needs of the students. Depth of content covered is appropriate. Provides appropriately for differing student abilities. Provides developmentally appropriate guided practice when appropriate. Homework is on grade level or at appropriate developmental level.	Pre-assessment of students is evident and is used to plan lessons to meet student needs. Varying learning needs of individual students or groups are taken into account by the use of a variety of instructional strategies and use of materials. Pace of instruction is appropriate to the goals of the lesson and to the needs of the students. Depth of content covered is appropriate. Provides appropriately for differing student abilities. Provides developmentally appropriate guided practice when appropriate. Homework is on grade level or at appropriate developmental level	Pre-assessment of students is not evident or not used in a meaningful way to guide instruction. Flexible groupings and a variety of instructional strategies, if evident at all, are used only when meeting the needs of IEP's. All content standards may not be covered. Infrequently differentiates instruction. Opportunities for guided practice and expectations for homework are inconsistent.	No Pre-assessment is utilized by the teacher. No differentiation of instructional practices or groupings is evident even for those students with IEP's. Not all content standards are covered. Fail to provide differentiation of instruction often fails to provide guided practice or homework.
2.5a.2	Utilizes ongoing assessments to modify lesson if necessary	The teacher uses both standardized and teacher- created curriculum based assessments. The teacher utilizes the results of TRC, STATE ASSESSMENT, NWEA, WIDA to drive instruction. The teacher identifies specific skills that need remediation. The teacher uses that information for grouping.	The teacher gathers data from both standardized and teacher created assessments and utilizes the data to form instructional decisions and implement instructional practices	The teacher is aware of and gathers data but the data is not relevant or if relevant is not utilized to direct instruction. Instructional techniques used are not data-driven.	There is no acknowledgement or use of assessment data.

2.6	Develop Higher Level of Understanding through Rigorous Instruction and Work	<p><i>For Level 4, all of the evidence listed under Level 3 is present, as well as some of the following:</i></p> <p>Teacher is highly effective at developing a higher level of understanding through rigorous instruction and work.</p> <p>Lesson is accessible and challenging to all students</p> <p>Students are able to answer higher-level questions with meaningful responses</p> <p>Teacher uses techniques that require a substantial number of students to respond.</p> <p>Teacher uses wait time effectively.</p> <p>Students pose higher-level questions to the teacher and to each other</p> <p>Teacher highlights examples of recent student work that meets high expectations; insists and motivates students to do it again if not great</p> <p>Teacher encourages students' interest in learning by providing students with additional opportunities to apply and build skills beyond expected lesson elements (e.g. extra credit or enrichment assignments)</p>	<p>Teacher is effective at developing a higher level of understanding through rigorous instruction and work.</p> <p>Lesson is accessible and challenging to almost all students</p> <p>Teacher frequently develops higher-level understanding through effective questioning</p> <p>Lesson pushes almost all students forward due to differentiation of instruction based on each student's level of understanding</p> <p>Students have opportunities to meaningfully practice, apply, and demonstrate that they are learning</p> <p>Teacher shows patience and helps students to work hard toward mastering the objective and to persist even when faced with difficult material</p>	<p>Teacher needs improvement at developing a higher level of understanding through rigorous instruction and work.</p> <p>Lesson is not always accessible or challenging for students</p> <p>Some questions used may not be effective in developing higher-level understanding (too complex or confusing)</p> <p>Teacher may not always use questioning as an effective tool to increase understanding</p> <p>While students may have some opportunity to meaningfully practice and apply concepts, instruction is more teacher-directed than appropriate</p> <p>Teacher may encourage students to work hard, but may not persist in efforts to have students keep trying</p>	<p>Teacher is ineffective at developing a higher level of Understanding through rigorous instruction and work</p> <p>Lesson is not aligned with developmental level of students (may be too challenging or too easy)</p> <p>Teacher may not use questioning as an effective tool to increase understanding. Students only show a surface understanding of concepts.</p> <p>Lesson is almost always teacher directed. Students have few opportunities to meaningfully practice or apply concepts</p> <p>Teacher gives up on student easily and does not encourage them to persist through difficult material</p>

2.6a.1	Encourages critical thinking	<p>The teacher uses open-ended learning opportunities that prompt students to analyze, synthesize or evaluate information.</p> <p>The evaluator will see a variety of modalities such as class discussions, essays, journal writing, class projects, debates, response to literature, etc. Students identify similarities and differences when lessons call for such comparisons.</p> <p>Teacher requires students to respond to question that ask why and how. Teacher requires students to identify key concepts and underlying principles, evaluate sources of information, reflect, examine forms of argument, compare and contrast, generate and test hypotheses, debate different positions on issues, brain storm ideas, combine information in original ways, and may use rubrics to evaluate information or work product</p>	<p>The teacher respects and responds to students input. The teacher takes advantage of teachable moments when students challenge conventional solutions. The teacher acknowledges student participation that is out of the box. The teacher plans for and provides opportunities for the students to express themselves using open-ended models.</p> <p>Students identify similarities and differences when lessons call for such comparisons most of the time. Teacher requires students to respond to question that ask why and how.</p> <p>Teacher requires students to identify key concepts and underlying principles, evaluate sources of information, reflect, examine forms of argument, compare and contrast, generate and test hypotheses, debate different positions on issues, brain storm ideas, combine information in original ways, and may use rubrics to evaluate information or work product most of the time.</p>	Students are rarely asked to go beyond a restatement of facts. Students are expected to mirror or mimic or re-create teacher responses.	Critical thinking is not evident either through teaching strategies or through student learning.

2.7a.1	Begins class promptly to the best of his/her ability considering special student or school circumstances	Sponge activities are utilized. Advanced organizers are utilized. Learning centers are utilized. Transition activities are evident. Classroom routine is evident. Students are engaged in learning immediately upon entering the classroom.	Sponge activities/advanced organizers/learning centers are frequently utilized. Transitions are orderly. A class routine is evident.	Students enter the classroom with little idea of how the day will begin. Student down time with little learning is evident. The class routine requires more structure.	A class routine is not evident. Time off task is abundant. There is no use of sponge activities, advanced organizer or learning centers. Too much instructional time is unproductive.
2.7a.2	Has the classroom and work ready for students	Many planned meaningful changes/activities that are organized efficiently and relate to each other to maximize student learning are utilized. All materials, activities and instructional strategies are prepared and ready in advance of the lesson.	The lesson has an appropriate number of meaningful changes/activities that are organized efficiently and relate to each other to maximize student learning. Materials are organized and prepared in anticipation of the lesson, maximizing time on task.	Few changes/activities are evident. Many are not well-organized and mostly are not related to each other in a meaningful way. Some but not all of the materials for the lesson are organized and prepared in advance	The teacher utilizes no changes/activities while presenting a lesson. Materials for instruction are lacking or disarray. Students are mostly off-task.
2.7a.3	Implements rules, discipline plan, procedures, and routines	<p>The teacher models and follows the school-wide discipline plan. Classroom rules are displayed, discussed, and followed by the students. The teacher handles discipline problems (except severe) within the classroom.</p> <p>Evidence of student mastery of routine is apparent. Students assume considerable responsibility for efficient classroom operation. Evidence of student development and ownership of class rules is apparent.</p>	The teacher follows the school-wide discipline plan. Classroom rules are communicated to students and understood. The teacher handles discipline problems (except severe) within the classroom. A classroom routine is evident. Students assume some responsibility for an efficient classroom operation.	There is a lack of evidence of the teacher choosing to follow the school-wide discipline plan. Classroom rules are not consistently followed. The teacher handles few discipline problems within the classroom. A classroom routine is not evident. Few students assume responsibility for an efficient classroom operation. There is little or no student choice.	The teacher does not follow the school-wide discipline plan. Classroom rules are no evident. The teacher handles few if any discipline problems. No classroom routine is evident. The students assume no ownership of the class. There is no student choice.

2.8	Create Classroom Culture of Respect and Collaboration	<p><i>For Level 4, all of the evidence listed under Level 3 is present, as well as some of the following:</i></p> <p>Students are invested in the academic success of their peers as evidenced by unprompted collaboration and assistance</p> <p>Students reinforce positive character and behavior and discourage negative behavior amongst themselves</p>	<p>Students are respectful of their teacher and peers</p> <p>Students are given opportunities to collaborate and support each other in the learning process</p> <p>Teacher reinforces positive character and behavior and uses consequences appropriately to discourage negative behavior</p> <p>Teacher has a good rapport with students, and shows genuine interest in their thoughts and opinions</p>	<p>Students are generally respectful of their teacher and peers, but may occasionally act out or need to be reminded of classroom norms</p> <p>Students are given opportunities to collaborate, but may not always be supportive of each other or may need significant assistance from the teacher to work together</p> <p>Teacher may praise positive behavior OR enforce consequences for negative behavior, but not both</p> <p>Teacher may focus on the behavior of a few students, while ignoring the behavior (positive or negative) of others</p>	<p>Students are frequently disrespectful of teacher or peers as evidenced by discouraging remarks or disruptive behavior</p> <p>Students are not given many opportunities to collaborate OR during these times do not work well together even with teacher intervention</p> <p>Teacher rarely or never praises positive behavior</p> <p>Teacher rarely or never addresses negative behavior</p>
2.8a.1	Creates climate conducive to learning	<p>Classroom is inviting, welcoming, a variety of resources are available, rules and expectations are evident. Examples of exemplary school work are on display. Evidence of a positive student-teacher interaction takes place. Provides positive reinforcement appropriately to the situation. Attempts to motivate students to achieve. Attempts to maintain appropriate positive relationships with students.</p>	<p>Multiple evidences of exemplary are in place, but not all. Provides positive reinforcement appropriately to the situation. Attempts to motivate students to achieve. Attempts to maintain appropriate positive relationships with students. Students are on task the vast majority of the time. Students make orderly transitions the vast majority of the time.</p>	<p>Classroom lacks evidence of student work. Rules and expectations, resources, and teacher-student interaction appears forced. Uses positive reinforcement on occasion but may reinforce negative behavior. Attempts to motivate students are sporadic. Fails to maintain positive relationships with some students. Students are off task on multiple occasions.</p>	<p>Seldom provides positive reinforcement. Seldom attempts to motivate student to achieve. May fail to maintain appropriate positive relationships with a number of students. Students frequently off task.</p>

		Students are on task. Students make orderly transitions.			
2.8a.2	Treats students equitably	<p>Teacher develops and maintains a classroom environment that is responsive and respectful of cultural, gender and economic backgrounds. The teacher calls on all students equitably. The teacher uses culturally diverse materials and allows students to share cultural heritage.</p> <p>Classroom activities and opportunities are not limited by socio-economics. Personal interaction on a relationship building level is evident.</p> <p>Behavioral standards are enforced consistently.</p>	<p>Teacher develops and maintains a classroom environment that is responsive and respectful.</p> <p>The teacher calls on the majority of students in an equitable manner. DOMAIN 3: Teacher Leadership

Teachers develop and sustain the intense energy and leadership within their school community to ensure the achievement of all students.

Indicator		Highly Effective (4)	Effective (3)	Improvement Necessary (2)	Ineffective (1)
3.1	Contribute to School Culture	At Level 4, a teacher fulfills the criteria for Level 3 and additionally may: -Seek out leadership roles -Go above and beyond in making time for students and peers outside of class.	Teacher will: -Contribute ideas and expertise to further the schools' mission and initiatives -Dedicate time efficiently, when needed, to helping students and peers outside of class.	Teacher will: -Contribute occasional ideas and expertise to further the school's mission and initiatives Teacher may not: -Frequently make the time to help students and peers efficiently outside of class	Teacher rarely or never provides ideas aimed at improving school efforts. Teacher dedicates little or no time outside of class towards helping students and peers.
3.2	Collaborate with Peers	At Level 4, a teacher fulfills the criteria for Level 3 and additionally may: -Go above and beyond in seeking out opportunities to collaborate -Coach peers through difficult situations -Take on leadership roles within collaborative groups such as Professional Learning Communities	Teacher will: -Seek out and participate in regular opportunities to work with and learn from others -Ask for assistance, when needed, and provide assistance to others in need	Teacher will: -Participate in occasional opportunities to work with and learn from others -Ask for assistance when needed Teacher may not: -Seek to provide other teachers with assistance when needed OR -Regularly seek out opportunities to work with others	Teacher rarely or never participates in opportunities to work with others. Teacher works in isolation and is not a team player.
3.3	Seek Professional Skills and Knowledge	At Level 4, a teacher fulfills the criteria for Level 3 and additionally may: -Regularly share newly learned knowledge and practices with others -Seek out opportunities to lead professional development sessions	Teacher will: -Actively pursue opportunities to improve knowledge and practice -Seek out ways to implement new practices into instruction, where applicable -Welcome constructive feedback to improve practices	Teacher will: -Attend all mandatory professional development opportunities Teacher may not: -Actively pursue optional professional development opportunities -Seek out ways to implement new practices into instruction -Accept constructive feedback well	Teacher rarely or never attends professional development opportunities. Teacher shows little or no interest in new ideas, programs, or classes to improve teaching and learning

3.4	Advocate for Student Success	At Level 4, a teacher fulfills the criteria for Level 3 and additionally may: -Display commitment to the education of all students in the school -Make changes and take risks to ensure student success	Teacher will: -Display commitment to the education of all his/her students -Attempt to remedy obstacles around student achievement	Teacher will: -Display commitment to the education of most but not all his/her students	Teacher rarely or never displays commitment to the education of his/her students. Teacher accepts failure as par for the course.

Core Professionalism Rubric

These indicators illustrate the minimum competencies expected in any profession. These are separate from the other sections in the rubric because they have little to do with teaching and learning and more to do with basic employment practice. Teachers are expected to meet these standards. If they do not, it will affect their overall rating negatively.

Indicator		Does Not Meet Standard	Meets Standard
1	Attendance	Individual demonstrates a pattern of unexcused absences (absences that are in violation of procedures set forth by local school policy and/or by the relevant collective bargaining agreement)	Individual has not demonstrated a pattern of unexcused absences (absences that are in violation of procedures set forth by local school policy and/or by the relevant collective bargaining agreement)
2	On-Time Arrival	Individual demonstrates a pattern of unexcused late arrivals (late arrivals that are in violation of procedures set forth by local school policy and by the relevant collective bargaining agreement)	Individual has not demonstrated a pattern of unexcused late arrivals (late arrivals that are in violation of procedures set forth by local school policy and by the relevant collective bargaining agreement)
3	Policies and Procedures	Individual demonstrates a pattern of failing to follow state, corporation, and school policies and procedures (e.g. procedures for submitting discipline referrals, policies for appropriate attire, etc.)	Individual demonstrates a pattern of following state, corporation, and school policies and procedures (e.g. procedures for submitting discipline referrals, policies for appropriate attire, etc.)
4	Respect	Individual demonstrates a pattern of failing to interact with students, colleagues, parents/guardians, and community members in a respectful manner	Individual demonstrates a pattern of interacting with students, colleagues, parents/guardians, and community members in a respectful manner

Special Education Teacher Effectiveness Rubric

DOMAIN 1: PURPOSEFUL PLANNING

Teachers use Indiana content area standards to develop a rigorous curriculum relevant for all students: Building meaningful units of study, continuous assessments and a system for tracking student progress as well as plans for accommodations and changes in response to a lack of student progress.

Indicator		Highly Effective (4)	Effective (3)	Improvement Necessary (2)	Ineffective (1)
1.1	Utilize Assessment Data to Plan	At level 4, a teacher fulfills the criteria for Level 3 and additionally: -Incorporates differentiated instructional strategies in planning to reach every student at his/her level of understanding.	Teacher uses prior assessment data to formulate: -Design of achievement goals, unit plans, AND lesson plans. -use multiple assessments to determine PLOP	Teacher uses prior assessment data to formulate: -Design of achievement goals, unit plans, OR lesson plans, but not all of the above	Teacher rarely or never uses prior assessment data when planning.
1.2	Set Ambitious and Measurable Achievement Goals	At Level 4, a teacher fulfills the criteria for Level 3 and additionally: -Plans an <u>ambitious</u> annual student achievement goal wherein every student makes typical or high growth	Teacher develops an annual student achievement goal that is: -Measurable; -Aligned to content standards; AND -Includes benchmarks to help monitor learning and inform interventions throughout the year -needs defined in PLOP are aligned to goals	Teacher develops an annual student achievement goal that is: -Measurable The goal may not: -Align to content standards; OR -Include benchmarks to help monitor learning and inform interventions throughout the year	Teacher rarely or never develops achievement goals for the class OR goals are developed, but are extremely general and not helpful for planning purposes.
1.2a	Selects objectives appropriate to the ability of the students	Objectives address various learning needs of individual students and groups. Objectives allow varied pace of learning and student mastery. Some objectives are easy to obtain, some more difficult.	Objectives meet the needs of the majority.	Objectives are the same for all students.	Objectives are vague, nonexistent, and not communicated.
1.3	Develop Standards-Based Unit Plans and Assessments	At Level 4, a teacher fulfills the criteria for Level 3 and additionally: -Creates well-designed unit assessments that align with an end of year summative assessment (either state, district, or teacher created) -Anticipates student reaction to content; allocation of time	Based on achievement goals, teacher plans units by: -Identifying content standards that students will master in each unit -Creating assessments before each unit begins for backwards planning -Allocating an instructionally appropriate amount of time	Based on achievement goals, teacher plans units by: -Identifying content standards that students will master in each unit Teacher may not: -Create assessments before each unit begins for backwards planning	Teacher rarely or never plans units by identifying content standards that students will master in each unit OR there is little to no evidence that teacher plans units at all.

		per unit is flexible and/or reflects level of difficulty of each unit	for each unit <i>IEP goals aligned to state standards</i>	-Allocate an instructionally appropriate amount of time for each unit	
1.4	Create Objective-Driven Lesson Plans and Assessments	At Level 4, a teacher fulfills the criteria for Level 3 and additionally: -Plans for a variety of differentiated instructional strategies, anticipating where these will be needed to enhance instruction -Incorporates a variety of informal assessments/checks for understanding as well as summative assessments where necessary and uses all assessments to directly inform instruction	Based on unit plan, teacher plans daily lessons by: -Identifying lesson objectives that are aligned to state content standards. -Matching instructional strategies as well as meaningful and relevant activities/assignments to the lesson objectives -Designing formative assessments that measure progress towards mastery and inform instruction <i>-instruction based on IEP GOALS</i> <i>-Evidence that the IEP is being implemented across all settings</i>	Based on unit plan, teacher plans daily lessons by: -Identifying lesson objectives that are aligned to state content standards -Matching instructional strategies and activities/assignments to the lesson objectives. Teacher may not: -Design assignments that are meaningful or relevant -Plan formative assessments to measure progress towards mastery or inform instruction.	Teacher rarely or never plans daily lessons OR daily lessons are planned, but are thrown together at the last minute, thus lacking meaningful objectives, instructional strategies, or assignments.
1.4a	Selects instructional materials appropriate for level of objectives of the lesson, the level of the class, and the teaching methods.	A wide variety of materials and resources are selected that support instructional objectives and engage all students in meaningful learning.	Materials and resources support instructional objectives and engage most of the students in meaningful learning.	Some materials and resources support instructional objectives and engage some of the students in meaningful learning.	Materials and resources are non-existent or do not support the instructional objectives or engage students in meaningful learning.
1.5	Track Student Data and Analyze Progress	At Level 4, a teacher fulfills the criteria for Level 3 and additionally: -Uses daily checks for understanding for additional data points -Updates tracking system frequently -Uses data analysis of student progress to drive lesson planning for the following day	Teacher uses an effective data tracking system for: -Recording student assessment/progress data -Analyzing student progress towards mastery and planning future lessons/units accordingly -Maintaining a grading system aligned to student learning goals <i>-Teacher monitors progress on goals</i> <i>-Services are implemented as identified in IEP</i>	Teacher uses an effective data tracking system for: -Recording student assessment/progress data -Maintaining a grading system Teacher may not: -Use data to analyze student progress towards mastery or to plan future lessons/units -Have grading system that appropriately aligns with student learning goals	Teacher rarely or never uses a data tracking system to record student assessment/progress data and/or has no discernible grading system.

DOMAIN 2: EFFECTIVE INSTRUCTION

Teachers facilitate student academic practice so that all students are participating and have the opportunity to gain mastery of the objectives in a classroom environment that fosters a climate of urgency and expectation around achievement, excellence and respect.

Indicator		Highly Effective (4)	Effective (3)	Improvement Necessary (2)	Ineffective (1)
2.1	Develop student understanding and mastery of lesson objectives	<p><i>For Level 4, all of the evidence listed under Level 3 is present, as well as some of the following:</i></p> <ul style="list-style-type: none"> -Students can explain what they are learning and why it is important, beyond repeating the stated objective -Teacher effectively engages prior knowledge of students in connecting to lesson. Students demonstrate through work or comments that they understand this connection. 	<ul style="list-style-type: none"> -Lesson objective is specific, measurable, and aligned to standards. It conveys what students are learning and what they will be able to do by the end of the lesson. -Objective is written in a student- friendly manner and/or explained to students in easy-to-understand terms. -Importance of the objective is explained so that students understand why they are learning what they are learning -Lesson builds on students' prior knowledge of key concepts and skills and makes this connection evident to students -Lesson is well-organized to move students towards mastery of the objective -lesson plan that incorporates differentiated instruction for all levels of instruction/student needs -clearly identified objective -TOR identifies relationship between lesson and IEP goals. 	<ul style="list-style-type: none"> -Lesson objective conveys what students are learning and what they will be able to do by the end of the lesson, but may not be aligned to standards or measurable -Objective is stated, but not in a student- friendly manner that leads to understanding -Teacher attempts explanation of importance of objective, but students fail to understand -Lesson generally does not build on prior knowledge of students or students fail to make this connection -Organization of the lesson may not always be connected to mastery of the objective 	<ul style="list-style-type: none"> -Lesson objective is missing more than one component. 2.2a	Presents content of the lesson so it is understandable to students:	<p>A variety of methods, materials, strategies are being used to address different student needs. A variety of learning styles are being addressed. Flexible groupings are being utilized. Evidence of re-teaching is observable for students in need of it. Teacher uses aides or paras effectively with students. Audiovisuals are used effectively. Rubrics are used when called for by the instructional plan. Models</p>	<p>Some learning styles and student abilities are being addressed by the teacher. A variety of methods, materials, and strategies are being used. Some flexible groupings are being used. The teacher uses aides and paras effectively with students. There is evidence of re-teaching observable. Often models what is to be learned when appropriate. Provides appropriate directions 85% of the time.</p>	<p>There is little variety of methods, materials, and strategies being used. Content is presented to whole groups of students with little concern for student learning styles or differences. Aides and paras are used primarily in ways not involving students. 2.5a.1	Recognizes individual differences in students and adjusts practices accordingly	<p>Teacher demonstrates the use of pre-assessment data to form flexible instructional groups and plans and implements strategies to meet the varying learning needs. Teacher implements a wide variety of materials. Pace of instruction is appropriate to the goals of the lesson and to the needs of the students. Depth of content covered is appropriate. Provides appropriately for differing student abilities. Provides developmentally appropriate guided practice when appropriate. Homework is on grade level or at appropriate developmental level.</p>	<p>Pre-assessment of students is evident and is used to plan lessons to meet student needs. Varying learning needs of individual students or groups are taken into account by the use of a variety of instructional strategies and use of materials. Pace of instruction is appropriate to the goals of the lesson and to the needs of the students. Depth of content covered is appropriate. Provides appropriately for differing student abilities. Provides developmentally appropriate guided practice when appropriate. Homework is on grade level or at appropriate developmental level.</p>	<p>Pre-assessment of students is not evident or not used in a meaningful way to guide instruction. Flexible groupings and a variety of instructional strategies, if evident at all, are used only when meeting the needs of IEP's. All content standards may not be covered. Infrequently differentiates instruction. Opportunities for guided practice and expectations for homework are inconsistent.</p>	<p>No Pre-assessment is utilized by the teacher. No differentiation of instructional practices or groupings is evident even for those students with IEP's. Not all content standards are covered. Fail to provide differentiation of instruction often fails to provide guided practice or homework.</p>
2.5a.2	Utilizes ongoing assessments to modify lesson if necessary	<p>-The teacher uses both standardized and teacher-created curriculum based assessments. The teacher utilizes the results of TRC, STATE ASSESSMENT, NWEA, WIDA to drive instruction.</p>	<p>-The teacher gathers data from both standardized and teacher created assessments and utilizes the data to form instructional decisions and implement instructional practices.</p>	<p>-The teacher is aware of and gathers data but the data is not relevant or if relevant is not utilized to direct instruction. Instructional techniques used are not data-driven.</p>	<p>There is no acknowledgement or use of assessment data.</p>

		<p>-The teacher identifies specific skills that need remediation. The teacher uses that information for grouping.</p>

2.6a.1	Encourages critical thinking	<p>The teacher uses open-ended learning opportunities that prompt students to analyze, synthesize or evaluate information. The evaluator will see a variety of modalities such as class discussions, essays, journal writing, class projects, debates, response to literature, etc. Students identify similarities and differences when lessons call for such comparisons. Teacher requires students to respond to question that ask why and how. Teacher requires students to identify key concepts and underlying principles, evaluate sources of information, reflect, examine forms of argument, compare and contrast, generate and test hypotheses, debate different positions on issues, brain storm ideas, combine information in original ways, and may use rubrics to evaluate information or work product.</p>	<p>The teacher respects and responds to students input. The teacher takes advantage of teachable moments when students challenge conventional solutions. The teacher acknowledges student participation that is out of the box. The teacher plans for and provides opportunities for the students to express themselves using open-ended models. Students identify similarities and differences when lessons call for such comparisons most of the time. Teacher requires students to respond to question that ask why and how. Teacher requires students to identify key concepts and underlying principles, evaluate sources of information, reflect, examine forms of argument, compare and contrast, generate and test hypotheses, debate different positions on issues, brain storm ideas, combine information in original ways, and may use rubrics to evaluate information or work product most of the time.</p>	<p>Students are rarely asked to go beyond a restatement of facts. Students are expected to mirror or mimic or re-create teacher responses.</p>	<p>Critical thinking is not evident either through teaching strategies or through student learning.</p>

2.7a.3	Implements rules, discipline plan, procedures, and routines	The teacher models and follows the school-wide discipline plan. Classroom rules are displayed, discussed, and followed by the students. The teacher handles discipline problems (except severe) within the classroom. Evidence of student mastery of routine is apparent. Students assume considerable responsibility for efficient classroom operation. Evidence of student development and ownership of class rules is apparent.	The teacher follows the school-wide discipline plan. Classroom rules are communicated to students and understood. The teacher handles discipline problems (except severe) within the classroom. A classroom routine is evident. Students assume some responsibility for an efficient classroom operation.	There is a lack of evidence of the teacher choosing to follow the school-wide discipline plan. Classroom rules are not consistently followed. The teacher handles few discipline problems within the classroom. A classroom routine is not evident. Few students assume responsibility for an efficient classroom operation. There is little or no student choice.	The teacher does not follow the school-wide discipline plan. Classroom rules are not evident. The teacher handles few if any discipline problems. No classroom routine is evident. The students assume no ownership of the class. There is no student choice.

2.8a.1	Creates climate conducive to learning	Classroom is inviting, welcoming, a variety of resources are available, rules and expectations are evident. Examples of exemplary school work are on display. Evidence of a positive student-teacher interaction takes place. Provides positive reinforcement appropriately to the situation. Attempts to motivate students to achieve. Attempts to maintain appropriate positive relationships with students. Students are on task. Students make orderly transitions.	Multiple evidences of exemplary are in place, but not all. Provides positive reinforcement appropriately to the situation. Attempts to motivate students to achieve. Attempts to maintain appropriate positive relationships with students. Students are on task the vast majority of the time. Students make orderly transitions the vast majority of the time.	Classroom lacks evidence of student work. Rules and expectations, resources, and teacher-student interaction appears forced. Uses positive reinforcement on occasion but may reinforce negative behavior. Attempts to motivate students are sporadic. Fails to maintain positive relationships with some students. Students are off task on multiple occasions.	Seldom provides positive reinforcement. Seldom attempts to motivate students to achieve. May fail to maintain appropriate positive relationships with a number of students. Students frequently off task.
2.8a.2	Treats students equitably	Teacher develops and maintains a classroom environment that is responsive and respectful of cultural, gender and economic backgrounds. The teacher calls on all students equitably. The teacher uses culturally diverse materials and allows students to share cultural heritage. Classroom activities and opportunities are not limited by socio-economics. Personal interaction on a relationship building level is evident. Behavioral standards are enforced consistently.	Teacher develops and maintains a classroom environment that is responsive and respectful. The teacher calls on the majority of students in an equitable manner. The teacher uses multiple materials and allows students to share their thoughts. Classroom activities are not limited by socio-economic or cultural differences. Behavioral standards are enforced consistently	The teacher may maintain a respectful classroom environment but it is not responsive to cultural, gender or economic differences. Certain students are called on more frequently than others and few students are called upon at all. Few materials are used to demonstrate cultural diversity. 2.9a.2	Communicates expectations	Instructional standards being taught that day are incorporated. The teacher verbalizes instructional standards for the day. The teacher addresses behavioral standards for the classroom. The teacher communicates expectations to students and parents in a variety of ways throughout the school year. Expectations are consistently high for learning and behavior for all students. Students who do not complete homework demonstrate understanding of consequences. Students participate in conferencing.	Standards being taught are incorporated and verbalized to students. The teacher communicates classroom and behavioral expectations to students and parents. Expectations are high for learning and behavior. Students who do not complete homework demonstrate understanding of consequences. Students participate in conferencing.	Instructional standards are not consistently communicated to students. Behavioral standards are inconsistent and poorly communicated. High expectation for all students is not evident.	Instructional standards are never addressed or communicated. Classroom behavioral expectations are not evident. Communication between teacher and students and teacher and parents is non-existent.

DOMAIN 3: Teacher Leadership

Teachers develop and sustain the intense energy and leadership within their school community to ensure the achievement of all students.

Indicator		Highly Effective (4)	Effective (3)	Improvement Necessary (2)	Ineffective (1)
3.1	Contribute to School Culture	At Level 4, a teacher fulfills the criteria for Level 3 and additionally may: -Seek out leadership roles -Go above and beyond in making time for students and peers outside of class.	Teacher will: -Contribute ideas and expertise to further the schools' mission and initiatives -Dedicate time efficiently, when needed, to helping students and peers outside of class.	Teacher will: -Contribute occasional ideas and expertise to further the school's mission and initiatives Teacher may not: -Frequently make the time to help students and peers efficiently outside of class	Teacher rarely or never provides ideas aimed at improving school efforts. Teacher dedicates little or no time outside of class towards helping students and peers.
3.2	Collaborate with Peers	At Level 4, a teacher fulfills the criteria for Level 3 and additionally may: -Go above and beyond in seeking out opportunities to collaborate -Coach peers through difficult situations -Take on leadership roles within collaborative groups such as Professional Learning Communities	Teacher will: -Seek out and participate in regular opportunities to work with and learn from others -Ask for assistance, when needed, and provide assistance to others in need	Teacher will: -Participate in occasional opportunities to work with and learn from others -Ask for assistance when needed Teacher may not: -Seek to provide other teachers with assistance when needed OR -Regularly seek out opportunities to work with others	Teacher rarely or never participates in opportunities to work with others. Teacher works in isolation and is not a team player.
3.3	Seek Professional Skills and Knowledge	At Level 4, a teacher fulfills the criteria for Level 3 and additionally may: -Regularly share newly learned knowledge and practices with others -Seek out opportunities to lead professional development sessions	Teacher will: -Actively pursue opportunities to improve knowledge and practice -Seek out ways to implement new practices into instruction, where applicable -Welcome constructive feedback to improve practices	Teacher will: -Attend all mandatory professional development opportunities Teacher may not: -Actively pursue optional professional development opportunities -Seek out ways to implement new practices into instruction -Accept constructive feedback well	Teacher rarely or never attends professional development opportunities. Teacher shows little or no interest in new ideas, programs, or classes to improve teaching and learning
3.4	Advocate for Student Success	At Level 4, a teacher fulfills the criteria for Level 3 and additionally may: -Display commitment to the education of all students in the school	Teacher will: -Display commitment to the education of all his/her students -Attempt to remedy obstacles around student achievement	Teacher will: -Display commitment to the education of most but not all his/her students	Teacher rarely or never displays commitment to the education of his/her students. Core Professionalism Rubric

These indicators illustrate the minimum competencies expected in any profession. These are separate from the other sections in the rubric because they have little to do with teaching and learning and more to do with basic employment practice. Teachers are expected to meet these standards. If they do not, it will affect their overall rating negatively.

Indicator		Does Not Meet Standard	Meets Standard
1	Attendance	Individual demonstrates a pattern of unexcused absences (absences that are in violation of procedures set forth by local school policy and/or by the relevant collective bargaining agreement)	Individual has not demonstrated a pattern of unexcused absences (absences that are in violation of procedures set forth by local school policy and/or by the relevant collective bargaining agreement)
2	On-Time Arrival	Individual demonstrates a pattern of unexcused late arrivals (late arrivals that are in violation of procedures set forth by local school policy and by the relevant collective bargaining agreement)	Individual has not demonstrated a pattern of unexcused late arrivals (late arrivals that are in violation of procedures set forth by local school policy and by the relevant collective bargaining agreement)
3	Policies and Procedures	Individual demonstrates a pattern of failing to follow state, corporation, and school policies and procedures (e.g. procedures for submitting discipline referrals, policies for appropriate attire, etc.)	Individual demonstrates a pattern of following state, corporation, and school policies and procedures (e.g. procedures for submitting discipline referrals, policies for appropriate attire, etc.)

RISE Librarian Effectiveness Rubric

Domain 1: Purposeful Planning

School librarians work in collaboration with the classroom teacher to develop a rigorous curriculum relevant for all students. Additionally, school librarians will plan the library media program for the school.

Indicator		Highly Effective (4)	Effective (3)	Improvement Necessary (2)	Ineffective (1)
1.1	Demonstrating knowledge of literature and current trends in library practice and information technology	<p>Drawing on extensive professional resources, school librarian demonstrates rich understanding of literature and of current trends in Information technology.</p> <p>Librarian maintains a network of professional contacts and resources to stay current with trends (this includes reading current journals, blogs, and using social media) and shares with staff and students</p>	<p>School librarian demonstrates thorough knowledge of literature and of current trends in practice and information technology.</p> <p>Librarian maintains a professional network to stay current with trends. 1.3	Demonstrating knowledge of resources, both within and beyond the school and district	School librarian shows evidence of resources available for students and teachers and actively seeks out new resources from a wide range of sources to enrich the school's program.	School librarian shows evidence of resources available for students and teachers in the school, in other schools in the district, and in the larger community to enrich the school's program.	School librarian demonstrates basic knowledge of resources available for students and teachers in the school, in other schools in the district, and in the larger community to enrich the school's program.	School librarian demonstrates little or no knowledge of resources available for students and teachers in the school, in other schools in the district, and in the larger community to enrich the school's program.
<p>Notes 1.3</p> <p>1. This competency refers to knowledge of the library collection and finding information for staff and students. The evidence may include, but is not limited to, the school library book collection, using interlibrary loan, internet sources, database sources, or the use of the public library collection. A highly effective librarian will use many of these resources to provide information for staff or students</p>					
1.4	Developing and implementing a plan to evaluate the library program.	<p>School librarian's evaluation plan is highly sophisticated, with imaginative sources of evidence and a clear path toward improving the program on an ongoing basis.</p> <p>The librarian proactively responds to the evidence of the evaluation.</p>	School librarian's plan to evaluate the program is organized around clear goals and the collection of evidence to indicate the degree to which the goals have been met.	School librarian has a rudimentary plan to evaluate the library program.	School librarian has no plan to evaluate the program or resists suggestions that such an evaluation is important.
<p>Notes 1.4</p> <p>1. Some sources of evidence may include student and staff surveys, assessment documents, and statistical data.</p>					
1.5	Establishing a culture for investigation and love of literature.	In interactions with both students and colleagues, the school librarian conveys the essential nature of seeking information and reading literature.	In interactions with both students and colleagues, the school librarian conveys the importance of seeking information and reading literature.	School librarian goes through the motions of performing the work of the position, but without any real commitment to it.	School librarian conveys that the work of seeking information and reading literature is not worth the time and energy required.
1.6	Establishing and	Library routines and	Library routines and	Library routines and	Library routines and

1.7	Organize physical space to enable smooth flow	School librarian makes highly effective use of the physical environment, resulting in clear signage, excellent traffic flow, and adequate space devoted to work areas and computer use. In addition, book displays are attractive and inviting.	School librarian makes effective use of the physical environment, resulting in good traffic flow, clear signage, and adequate space devoted to work areas and computer use.	School librarian's efforts to make use of the physical environment are uneven, resulting in occasional confusion by users.	School librarian makes poor use of the physical environment, resulting in poor traffic flow, confusing signage, inadequate space devoted to work areas and computer use, and general confusion.
<p>Notes 1.7</p> <p>1. Smooth flow is defined as students and staff being able to function within the library easily and independently based upon location of materials, signs, and seating.</p>					
1.8	Maintaining and extending the library collection in accordance with the schools' needs and within budget limitations.	School librarian adheres to district or professional guidelines in selecting materials for the collection. The collection is periodically purged of outdated materials. A virtual collection is maintained and updated frequently by the librarian is vibrant and well used. All processes are done in consultation with teaching colleagues or patron needs in mind.	School librarian adheres to district or professional guidelines in selecting materials for the collection and periodically purges the collection of outdated materials. A virtual collection is maintained by the librarian. This is done in some consultation with teaching colleagues or patron needs in mind.	School librarian is partially successful in attempts to adhere to district or professional guidelines in selecting materials and in weeding the collection. A virtual presence may not be maintained. This is done in limited consultation with teaching colleagues or with patron needs in mind.	School librarian fails to adhere to district or professional guidelines in selecting materials for the collection and does not periodically purge the collection of outdated material. There is no virtual presence. This is done without consultation with teaching colleagues or with patron needs in mind.
<p>Notes 1.8</p> <p>1. The librarian will maintain the school's collection with many factors of the school's needs in mind. The librarian will support the curriculum and the school's academic needs, as well as the practice of reading (for enjoyment or for information). Additionally, this may include a digital collection.</p>					

Domain 2: Effective Instruction

Librarians, working collaboratively with classroom teachers, facilitate student academic practice so that all students are participating and have the opportunity to gain mastery of the objectives. The librarian fosters a climate of urgency and expectation around achievement, excellence and respect.

Indicator		Highly Effective (4)	Effective (3)	Improvement Necessary (2)	Ineffective (1)
2.1	Creating an environment conducive to learning	Interactions among the school librarian, individual students, and the classroom teachers are highly respectful, reflecting genuine warmth and caring and sensitivity to students' learning needs, cultures and levels of development.	Interactions between the school librarian, students, and the classroom teachers, are polite and respectful reflecting general warmth and caring, and are appropriate to the learning needs, cultural and developmental differences among students.	Interactions between the school librarian, students, and the classroom teachers are generally appropriate and free from conflict, but may be characterized by occasional displays of insensitivity or lack of responsiveness to learning needs, cultural and developmental differences among students. If Chair, follows state mandated guidelines for annual reviews. If participant, adequately contributes to annual review meetings.	If Chair, may not follow state mandated guidelines for annual reviews. If participant, may make unfocused or irrelevant contributions to annual review meetings.	If Chair, does not follow state mandated guidelines for annual reviews. If participant, does not contribute, or makes irrelevant contributions to, annual review meetings.
2.21	Responding to Referrals	Proactively responds to referrals and makes highly competent assessments of student needs by choosing suitable assessment procedures to address referral questions.	Responds to referrals and makes adequate assessments of student needs by choosing suitable assessment procedures to address referral questions.	Responds to referrals when pressed but complete inadequate assessments of student needs.	Fails to respond to referrals, or makes hasty assessments of student needs.
2.22	Written reports	Writes clear, detailed and accurate reports; analysis, conclusions and recommendations are valuable.	Writes accurate reports, analysis, conclusions and recommendations are appropriate.	Writes accurate reports that lack specificity, analysis, conclusions, and recommendations are not always appropriate.	Writes reports that are inaccurate, or that include inappropriate analysis, conclusions, and recommendations.
2.23	IEP Writing	Creates well-written, thorough and concise IEPs that include appropriate and meaningful recommendations to uniquely address student needs.	Creates accurate, well-written IEPs that include appropriate recommendations.	Creates IEPs that are not always thorough, may be poorly written or are unnecessarily long, recommendations are somewhat appropriate.	Creates IEPs that are not thorough, are poorly written and include inappropriate recommendations.

2.24	Integrating IEP goals	Is fully aware of entire IEP and incorporates skills, goals, and strategies from other disciplines for a coordinated approach.	Is aware of entire IEP and sometimes incorporates skills from other disciplines.	Is aware of some parts of IEP and incorporates skills from other disciplines when required or convenient.	Is not aware of entire IEP and does not incorporate skills from other disciplines even when required.
2.25	Monitoring progress	Comprehensively and effectively measures progress towards IEP goals and objectives, and provides substantial feedback to students and parents.	Measures progress towards IEP goals and objectives, and provides feedback to students and parents.	Attempts to measure progress towards IEP goals and objectives, but may not be effective in monitoring or may not communicate progress effectively to students and parents.	Does not measure progress towards IEP goals and objectives, and/or does not communicate progress to students or parents.
2.26	Assistive technology	Vigilantly ensures that assistive technologies required by IEP are being used, maintained, and monitored correctly. Is skilled in using assistive technology.	Often checks to see that assistive technologies are being used maintained and monitored correctly. Is effective at using assistive technology.	Does not always check to see that assistive technologies are being used, maintained and monitored correctly. Is aware of assistive technology, but may not be skilled in using it.	Does not check to see that assistive technologies are being used, maintained or monitored correctly. Is unaware of assistive technology or is not skilled in using it.

DOMAIN 2: Support of EFFECTIVE INSTRUCTION

Teachers facilitate student academic practice so that all students are participating and have the opportunity to gain mastery of the objectives/goals in a classroom environment that fosters a climate of urgency and expectation around achievement, excellence and respect.

Indicator		Highly Effective (4)	Effective (3)	Needs Improvement (2)	Ineffective (1)
Competency 2.3	Engage students in academic content	Teacher is highly effective at engaging students in academic content.	Teacher is effective at engaging students in academic content.	Teacher needs improvement at engaging students in academic content.	Teacher is ineffective at engaging students in academic content.
Competency 2.3a	Encourages productive engagement	Teacher addresses students that are not engaged. Down Time is used productively. The teacher provides resources to get students better organized. The teacher uses a variety of questioning/instructional strategies. The teacher provides on-going communication with home. Class begins promptly every day.	The teacher addresses students that are not engaged. Student down time is at times used productively. The teacher uses some questioning and instructional strategies. The teacher encourages on-going communication with home.	Students who are not engaged in learning are not consistently addressed by the teacher. A large amount of student down time is evident. The teacher and students appear disorganized. Limited instructional strategies are evident. There is a limited communication with home.	Few or none of the exemplary descriptors are evident. Seldom captures the interest of students. Students frequently off task related to objective or standard.
Competency 2.4a	Regularly assesses student progress: *Checks for understanding. *Uses multiple individual and group assessments. *Uses authentic assessments as appropriate. *Provides timely feedback. Assesses accurately and efficiently.	Routines are in place and consistently utilized to formally and informally check for student comprehension. There is evidence of re-teaching based on assessment. Students are aware of their own progress. The teacher communicates student progress to the appropriate stakeholders.	Formal and/or informal assessments are utilized. There is evidence of re-teaching. There is evidence of communication to some appropriate stakeholders groups	There is little evidence of students being assessed for progress. There is no use of formal or informal assessment information to drive student learning.	There is little or no evidence of any assessment of student progress.

	<p>*Assigns unguided practice as appropriate.</p> <p>*Demonstrated learning objective(s) have been accomplished</p> <p>*Students have work to complete that is related to appropriate standards.</p> <p>*Students are expected to complete homework</p> <p>*Students redo work.</p> <p>When used, follow rubrics to guide learning.</p>				
Competency 2.5	Modify Instruction as Needed	<p><i>For Level 4, all of the evidence listed under Level 3 is present, as well as some of the following:</i></p> <ul style="list-style-type: none"> -Teacher anticipates student misunderstandings and preemptively addresses them -Teacher is able to modify instruction to respond to misunderstandings without taking away from the work flow or losing engagement 	<ul style="list-style-type: none"> -Teacher makes appropriate adjustments to instruction based on checks for understanding that lead to increased understanding for most students -Teacher differentiates delivery of instruction based on checks for understanding to meet diverse student needs -Teacher responds to misunderstandings with effective scaffolding techniques -Teacher doesn't give up, but continues to try to address misunderstanding with different techniques if the first try is not successful 	<ul style="list-style-type: none"> -Teacher may attempt to make adjustments to instruction based on checks for understanding, but these attempts may be misguided and may not increase understanding for all students -Teacher may primarily respond to misunderstandings by using teacher-driven scaffolding techniques (for example, re-explaining a concept), when student-driven techniques could have been more effective -Teacher may persist in using a particular technique for responding to a misunderstanding, even when it is not succeeding 	<ul style="list-style-type: none"> -Teacher rarely or never attempts to adjust instruction based on checks for understanding, and any attempts at doing so frequently fail to increase understanding for students -Teacher only responds to misunderstandings by using teacher-driven scaffolding techniques -Teacher repeatedly uses the same technique to respond to misunderstandings, even when it is not succeeding

Competency 2.5a.1	Recognizes individual differences in students and adjusts practices accordingly	Teacher demonstrates the use of data and plans and implements strategies to meet the varying learning needs. Pace of expectation of learning is appropriate to the goals and needs of the students. Provides appropriately for differing student abilities.	Varying learning needs of individual students or groups are taken into account by the use of a variety of instructional strategies. Pace of instruction is appropriate to the goals and needs of the students. Provides appropriately for differing student abilities.	A variety of instructional strategies, if evident at all, are used only when meeting the needs of IEP's.	No differentiation of instructional practices evident even for those students with IEP's
Competency 2.6a.1	Encourages critical thinking	Teacher requires students to respond to question that ask why and how. Teacher requires students to identify key concepts and underlying principles, evaluate sources of information, reflect, examine forms of argument, compare and contrast, generate and test hypotheses, debate different positions on issues, brain storm ideas, combine information in original ways.	The teacher respects and responds to students input. The teacher takes advantage of teachable moments when students challenge conventional solutions. The teacher acknowledges student participation that is out of the box. The teacher plans for and provides opportunities for the students to express themselves. Students identify similarities and differences. Teacher requires students to respond to question that ask why and how. Teacher requires students to identify key concepts and underlying principles, evaluate sources of information, reflect, examine forms of argument, compare and contrast, generate and test hypotheses, debate different positions on issues, brain storm ideas, combine information in original ways, most of the time.	Students are rarely asked to go beyond a restatement of facts. Students are expected to mirror or mimic or re-create teacher responses.	Critical thinking is not evident either through teaching strategies or through student learning.
Competency 2.7	Maximize Instructional Time	<i>For Level 4, all of the evidence listed under Level 3 is present, as well as some of the following:</i>	Students arrive on-time and class starts on time -Routines, transitions, and procedures are well-	-Some students may arrive late (unexcused) for class. Teacher may start class late -Routines, transitions, and	-Students may frequently arrive late (unexcused). Teacher may frequently start class late

		<p>-Routines, transitions, and procedures are well-executed. Students know what they are supposed to be doing and when without prompting from the teacher</p> <p>-Students are never idle while waiting for the teacher (for example, during attendance)</p> <p>-All students are on-task and follow instructions of teacher without much prompting</p> <p>-Disruptive behaviors and off-task conversations are always addressed without major interruption to the lesson</p>	<p>executed. Students know what they are supposed to be doing and when with minimal prompting from the teacher</p> <p>-Students are only ever idle for brief periods of time (for example, during attendance)</p> <p>-Teacher delegates instructional time appropriately so as best to lead students towards mastery of objective</p> <p>-Almost all students are on-task and follow instructions of teacher without much prompting and disruptive behaviors are addressed.</p> <p>-Disruptive behaviors and off-task conversations are rare. When they occur, they are almost always addressed without major interruption to the lesson.</p>	<p>procedures are in place, but require significant teacher direction or prompting to be followed</p> <p>-Students are sometimes idle for short periods (for example, during attendance) without anything to do</p> <p>-Teacher may delegate instructional time inappropriately.</p> <p>-Significant prompting from the teacher is necessary for students to follow instructions and remain on-task</p> <p>-Disruptive behaviors and off-task conversations sometimes occur. They may not be addressed in the most effective manner and teacher may have to stop the lesson frequently to address the problem</p>	<p>-There are few or no evident routines or procedures in place. Students are unclear about what they should be doing and require significant direction from the teacher at all times</p> <p>-Students may be idle for significant periods of time</p> <p>-Even with significant prompting, students frequently do not follow directions and are off-task</p> <p>-Disruptive behaviors and off-task conversations are common and frequently cause the teacher to have to make adjustments.</p> <p>-Classroom management is generally poor and wastes instructional time</p>
Competency 2.7a.1	Maintains class routine to the best of his/her ability considering special student or school circumstances	Classroom routine is evident. Students are engaged in learning immediately upon entering the classroom.	Transitions are orderly. A class routine is evident.	Students enter the classroom with little idea of how the day will begin. Student down time with little learning is evident. The class routine requires more structure.	A class routine is not evident. Time off task is abundant. Too much instructional time is unproductive.
Competency 2.7a.3	Implements rules, discipline plan, procedures, and routines	The teacher models and follows a discipline plan. Program rules are displayed, discussed, and followed by the students. The teacher handles discipline problems (except severe) within the classroom.	The teacher follows a discipline plan. Program rules are communicated to students and understood. The teacher handles discipline problems (except severe) within the classroom. A routine is evident. Students	There is a lack of evidence of the teacher choosing to follow a discipline plan. Rules are not consistently followed. The teacher handles few discipline problems within the classroom. A routine is not evident. Few students	The teacher does not follow a discipline plan. Program rules are not evident. The teacher handles few if any discipline problems. No routine is evident. The students assume no ownership of the class.

		Evidence of student mastery of routine is apparent. Students assume considerable responsibility for efficient operation.	assume some responsibility for an efficient operation.	assume responsibility for efficient operation.	
Competency 2.8	Create Classroom Culture of Respect and Collaboration	<p><i>For Level 4, all of the evidence listed under Level 3 is present, as well as some of the following:</i></p> <ul style="list-style-type: none"> -Students are invested in the academic success of their peers as evidenced by unprompted collaboration and assistance -Students reinforce positive character and behavior and discourage negative behavior amongst themselves 	<ul style="list-style-type: none"> -Students are respectful of their teacher and peers -Students are given opportunities to collaborate and support each other in the learning process -Teacher reinforces positive character and behavior and uses consequences appropriately to discourage negative behavior -Teacher has a good rapport with students, and shows genuine interest in their thoughts and opinions 	<ul style="list-style-type: none"> -Students are generally respectful of their teacher and peers, but may occasionally act out or need to be reminded of program norms -Students are given opportunities to show respect, but may not always be supportive of each other or may need significant assistance from the teacher to work together -Teacher may praise positive behavior OR enforce consequences for negative behavior, but not both -Teacher may focus on the behavior of a few students, while ignoring the behavior (positive or negative) of others 	<ul style="list-style-type: none"> -Students are frequently disrespectful of teacher or peers as evidenced by discouraging remarks or disruptive behavior -Students do not respect each other even with teacher intervention -Teacher rarely or never praises positive behavior -Teacher rarely or never addresses negative behavior
Competency 2.8a.1	Creates climate conducive to learning	Classroom is inviting, welcoming, a variety of resources are available, rules and expectations are evident. Evidence of a positive student-teacher interaction takes place. Provides positive reinforcement appropriately to the situation. Attempts to motivate students to achieve. Attempts to maintain appropriate positive relationships with students. Students are on task.	Multiple evidences of exemplary are in place, but not all. Provides positive reinforcement appropriately to the situation. Attempts to motivate students to achieve. Attempts to maintain appropriate positive relationships with students. Students are on task the vast majority of the time. Students make orderly	Rules and expectations, resources, and teacher-student interaction appears forced. Uses positive reinforcement on occasion but may reinforce negative behavior. Attempts to motivate students are sporadic. Fails to maintain positive relationships with some students. Students are off task on multiple occasions.	Seldom provides positive reinforcement. Seldom attempts to motivate students to achieve. May fail to maintain appropriate positive relationships with a number of students. Students frequently off task.

		Students make orderly transitions.	transitions the vast majority of the time.		
Competency 2.8a.2	Treats students equitably	Teacher develops and maintains an environment that is responsive and respectful of cultural, gender and economic backgrounds. The teacher treats all students equitably. Personal interaction is evident. Behavioral standards are enforced consistently.	Teacher develops and maintains an environment that is responsive and respectful. The teacher treats the majority of students in an equitable manner. Behavioral standards are enforced most of the time.	The teacher may maintain a respectful classroom environment but it is not responsive to cultural, gender or economic differences. Certain students treated differently than others. Behavioral standards are enforced inconsistently.	The classroom environment is not respectful of all or responsive to cultural, gender or economic differences. Inappropriate comments or responses by students do not illicit a teacher response. Behavioral standards are not enforced or are enforced inconsistently.
Competency 2.8a.3	Encourages positive social interaction	<ul style="list-style-type: none"> -The teacher teaches students to solve conflicts. -The teacher has an expectation of positive social interactions. -The teacher addresses negative actions. -Student monitoring by the teacher is and preventative. -Students correct other students respectfully. -The teacher models respectful social interaction among students and colleagues. Most students treat teacher(s) with respect 	Most exemplary descriptors of encouraging positive social interaction are evident but not all. Some students treat teacher(s) with respect.	Conflicts are not resolved. The teacher addresses negative actions inappropriately. Few expectations of student behavior are communicated. The teacher is reactive. Students are allowed to talk disrespectfully without a response from the teacher. On multiple occasions students may treat teacher disrespectfully.	No conflict resolution is apparent. The teacher does not deal with student conflicts. Students frequently treat teacher disrespectfully.
Competency 2.9	Set High Expectations for Academic Success	<p><i>For level 4, all of the evidence listed under Level 3 is present, as well as some of the following:</i></p> <ul style="list-style-type: none"> -Students participate in forming academic goals for themselves and analyzing their progress -Students demonstrate high academic expectations for themselves 	<ul style="list-style-type: none"> -Teacher sets high expectations for students of all levels -Students are invested in their work and value academic success as evidenced by their effort and quality of their work. -The classroom is a safe place to take on challenges and risk failure (students do not feel shy about asking questions or bad about answering 	<ul style="list-style-type: none"> -Teacher may set high expectations for some, but not others -Students are generally invested in their work, but may occasionally spend time off-task or give up when work is challenging -Some students may be afraid to take on challenges and risk failure (hesitant to ask for help when needed or give-up easily) 	<ul style="list-style-type: none"> -Teacher rarely or never sets high expectations for students -Students may demonstrate disinterest or lack of investment in their work. For example, students might be unfocused, off-task, or refuse to attempt assignments -Students are generally afraid to take on challenges and risk failure due to frequently discouraging comments from the teacher or peers

		-Student comments and actions demonstrate that they are excited about their work and understand why it is important	incorrectly). -Teacher celebrates high quality academic work	-Teacher may praise the academic work of some, but not others	-Teacher rarely or never praises academic work or good behavior -High quality work is rarely or never displayed in the classroom
Competency 2.9a.1.	Selects academic and behavioral objectives/goals appropriate for the ability of the students	Goals or objectives/goals address various learning needs of individual students and groups. Goals or objectives/goals allow varied pace of learning and student mastery. Some objectives/goals are easy to obtain, some more difficult. Content consistent with grade level standards or student academic need is developmentally appropriate and relevant.	Goals or objectives/goals meet the needs of the majority. Content consistent with grade level standards or student academic need is developmentally appropriate and relevant.	Objectives/goals are the same for all students. On multiple occasions content is inconsistent with grade level standards or is not developmentally appropriate and relevant.	Objectives/goals are vague, non-existent, and not communicated. Frequently content inconsistent with grade level standards or is not developmentally appropriate and relevant.
Competency 2.9a.2	Communicates expectations	The teacher addresses behavioral standards for the classroom. The teacher communicates expectations to students and parents in a variety of ways throughout the school year. Expectations are consistently high for learning and behavior for all students. Students demonstrate understanding of consequences.	The teacher communicates classroom and behavioral expectations to students and parents. Expectations are high for learning and behavior. Students demonstrate understanding of consequences.	Expectations are not consistently communicated to students. Behavioral standards are inconsistent and poorly communicated. High expectation for all students is not evident.	Expectations are never addressed or communicated. Classroom behavioral expectations are not evident. Communication between teacher and students and teacher and parents is non-existent.

DOMAIN 3: Teacher Leadership

Teachers develop and sustain the intense energy and leadership within their school community to ensure the achievement of all students.

Indicator		Highly Effective (4)	Effective (3)	Needs Improvement (2)	Ineffective (1)
3.2	Collaborate with Peers	<p>At Level 4, a teacher fulfills the criteria for Level 3 and additionally may:</p> <ul style="list-style-type: none"> -Go above and beyond in seeking out opportunities to collaborate -Coach peers through difficult situations -Take on leadership roles within collaborative groups. 	<p>Teacher will:</p> <ul style="list-style-type: none"> -Seek out and participate in regular opportunities to work with and learn from others -Ask for assistance, when needed, and provide assistance to others in need 	<p>Teacher will:</p> <ul style="list-style-type: none"> -Participate in occasional opportunities to work with and learn from others -Ask for assistance when needed <p>Teacher may not:</p> <ul style="list-style-type: none"> -Seek to provide other teachers with assistance when needed OR -Regularly seek out opportunities to work with others 	Teacher rarely or never participates in opportunities to work with others. Teacher works in isolation and is not a team player.
3.3	Seek Professional Skills and Knowledge	<p>At Level 4, a teacher fulfills the criteria for Level 3 and additionally may:</p> <ul style="list-style-type: none"> -Regularly share newly learned knowledge and practices with others -Seek out opportunities to lead professional development sessions 	<p>Teacher will:</p> <ul style="list-style-type: none"> -Actively pursue opportunities to improve knowledge and practice -Seek out ways to implement new practices into instruction, where applicable -Welcome constructive feedback to improve practices 	<p>Teacher will:</p> <ul style="list-style-type: none"> -Attend all mandatory professional development opportunities <p>Teacher may not:</p> <ul style="list-style-type: none"> -Actively pursue optional professional development opportunities -Seek out ways to implement new practices into instruction -Accept constructive feedback well 	Teacher rarely or never attends professional development opportunities. 3.4	Advocate for Student Success	<p>At Level 4, a teacher fulfills the criteria for Level 3 and additionally may:</p> <ul style="list-style-type: none"> -Display commitment to the education of all the students. -Make changes and take risks to ensure student success 	<p>Teacher will:</p> <ul style="list-style-type: none"> -Display commitment to the education of all his/her students -Attempt to remedy obstacles around student achievement. 	<p>Teacher will:</p> <ul style="list-style-type: none"> -Display commitment to the education of most but not all his/her students 	Teacher rarely or never displays commitment to the education of his/her students. Teacher accepts failure as par for the course.

Core Professionalism Rubric

These indicators illustrate the minimum competencies expected in any profession. These are separate from the other sections in the rubric because they have little to do with teaching and learning and more to do with basic employment practice. Teachers are expected to meet these standards. If they do not, it will affect their overall rating negatively.

Indicator		Does Not Meet Standard	Meets Standard
1	Attendance	Individual demonstrates a pattern of unexcused absences (absences that are in violation of procedures set forth by local school policy and/or by the relevant collective bargaining agreement)	Individual has not demonstrated a pattern of unexcused absences (absences that are in violation of procedures set forth by local school policy and/or by the relevant collective bargaining agreement)
2	On-Time Arrival	Individual demonstrates a pattern of unexcused late arrivals (late arrivals that are in violation of procedures set forth by local school policy and by the relevant collective bargaining agreement)	Individual has not demonstrated a pattern of unexcused late arrivals (late arrivals that are in violation of procedures set forth by local school policy and by the relevant collective bargaining agreement)
3	Policies and Procedures	Individual demonstrates a pattern of failing to follow state, corporation, and school policies and procedures (e.g. procedures for submitting discipline referrals, policies for appropriate attire, etc.)	Individual demonstrates a pattern of following state, corporation, and school policies and procedures (e.g. procedures for submitting discipline referrals, policies for appropriate attire, etc.)
4	Respect	Individual demonstrates a pattern of failing to interact with students, colleagues, parents/guardians, and community members in a respectful manner	Individual demonstrates a pattern of interacting with students, colleagues, parents/guardians, and community members in a respectful manner

Teacher Effectiveness Calculation

Part 1: Instructions: Add scores for each domain together. Add one point for each highly effective score within the domain. To average each domain, divide the total domain score by the number of domain scores, and then place the answer in the Domain Total Column (A). for that particular domain. Then, multiply each domain score by its weight, and place that number in the Total Score column (B) for each domain. Add the scores in Column B to find the total Domain score. Place that score in box C.

Lafayette School Corporation
Principal Leadership and Development
Effectiveness Framework
Based on Indiana RISE

The Principal Effectiveness Rubric was developed for three key purposes.

- **To Shine a Spotlight on Great Leadership:** The rubric is designed to assist schools and districts in their efforts to increase principal effectiveness and ensure the equitable distribution of great leaders across the state.
- **To Provide Clear Expectations for Principals:** The rubric defines and prioritizes the actions that effective principals must engage in to lead breakthrough gains in student achievement/growth.
- **To Support a Fair and Transparent Evaluation of Effectiveness:** The rubric provides the foundation for accurately assessing school leadership along four discrete proficiency ratings.

How is the Principal Effectiveness Rubric organized?

- The rubric is divided into three domains:
 - Domain 1: Planning for Teacher Effectiveness
 - Domain 2: Instructional Leadership
 - Domain 3: Leadership

Each section is weighted.

How do I ensure the effective implementation of the Principal Effectiveness Rubric?

1. **Training and support:** Administrators responsible for the evaluation of principals must receive rigorous training and ongoing support so that they can make fair and consistent assessments of performance and provide constructive feedback and differentiated support.
2. **Accountability:** The differentiation of principal effectiveness must be a priority for district administrators, including the superintendent, and one for which they are held accountable. Even the best evaluation tool will fail if the information it produces is of no consequence.
3. **Credible distribution:** If the rubric is implemented effectively, ineffective ratings will not be anomalous, surprising, or without clear justification. The performance distribution of principals must be closely monitored and a vehicle established to declare evaluations

invalid if results are inflated.

4. Decision-making: Results from the principal evaluation must be fully integrated with other district systems and policies and a primary factor in decisions such as how principals are assigned and retained, how principals are compensated and advanced, what professional development principals receive, and when and how principals are dismissed.

Domain 1: Planning for Teacher Effectiveness

Great principals know that a teacher quality is the most important in school factor relating to student achievement/growth. Principals drive effectiveness through (1) their rate as a human capital manager and (2) by providing instructional leadership. Ultimately principals are evaluated by their ability to drive teacher development and improvement based on a system that credibly differentiates the performance of teachers based on rigorous, fair definitions of teacher effectiveness.
