**MASTER CONTRACT BETWEEN THE BOARD OF SCHOOL TRUSTEES OF THE
LAFAYETTE SCHOOL CORPORATION AND THE
LAFAYETTE EDUCATION ASSOCIATION**

**ARTICLE I
DEFINITIONS**

- A. The term "School Corporation," when used in this Contract, shall refer to the Lafayette School Corporation of the County of Tippecanoe of the State of Indiana.
- B. The terms "Board" and "Association" shall include authorized officers, representatives, and agents.
- C. The word "Master," as used in this Contract, is hereby defined to mean "collectively-bargained."
- D. The term "superintendent" shall refer to the superintendent or the superintendent's designee.

**ARTICLE II
RECOGNITION**

- A. The Board of School Trustees, on September 7, 1973, did recognize the Lafayette Education Association, Inc., an affiliate of the Indiana State Teachers Association and the National Education Association, as the exclusive representative of all certified employees as defined in IC 20-29, in the Lafayette School Corporation of Tippecanoe County, Indiana, except for the Central Office Administration Personnel, Administrative Assistants, Principals, Assistant Principals, High School Athletic Director, Attendance Officers, Substitute Teachers, Non-Certificated Employees, and all Certificated Employees appointed by the School employer to an "acting" capacity in any of the above positions.
- B. Any disagreement regarding the status of a position added to the above list shall be resolved through the use of a bargaining unit determination hearing.

**ARTICLE III
EFFECT OF CONTRACT**

- A. SUPREMACY. Any individual Contract between the Board and an individual member of the bargaining unit shall be made subject to this Contract. If any such individual Contract made during the term of this Contract contains any language inconsistent with this Contract, this Contract shall prevail.

B. CONFLICTS. The parties agree that this Contract shall supersede any rules, regulations, or practices of the Board which are contradictory or inconsistent with the terms of this Contract.

C. SEVERANCE. If any provisions of this Contract or any application of this Contract to any employee or group of employees is held to be contrary to law, then such provisions or application shall not be deemed valid and subsisting, except to the extent permitted by law, but all other provisions or applications shall continue in full force and effect.

D. AMENDMENTS. Any amendment or agreement adding to, subtracting from, or supplemental to, this Contract shall not be binding upon either party unless it is executed in writing by each of the parties hereto.

ARTICLE IV LEAVES OF ABSENCE

A. PERSONAL LEAVE.

1. At the beginning of each school year, or upon employment, each teacher under contract shall be granted three (3) days of personal leave per school year without loss of pay provided that the following conditions are met:

- a. When the leave requested is the day before or after a holiday, vacation, or school break, it may only be used for matters which cannot reasonably be scheduled outside of school hours.
- b. When personal leave can be anticipated, the teacher must notify the Superintendent or his designee in writing at least two (2) days prior to the leave.

When such leave cannot be reasonably anticipated, the teacher must orally notify the Superintendent or his designee as soon as reasonably possible and, upon return, submit a written confirmation of the leave taken.

- c. The application for personal leave must include only a general reason and a general statement of the necessity of the leave, except when such leave is requested before or after a holiday, vacation, or school break, then such application must state the specific reason and the specific necessity for the requested leave unless the reason is of a personally intimate or private nature, in which case it may be stated in general terms; provided that such statement shall be sufficiently descriptive to permit the Board's representative to make a determination as to whether a leave request complies with the requirements of this Article. The Board shall act on all requests for personal leave before or after a holiday, vacation, or school break, within five (5) days of the date the teacher delivers the request to the building principal. Any such request not acted upon within five (5) days of delivery shall be deemed approved.

2. Personal leave days which are not used during the school year in which such days were granted shall be accumulative to a total of five (5) days. Any additional unused personal leave days shall be transferred to the teacher's sick leave account for accumulation and use as sick leave in accordance with the sick leave provisions of this Contract.
 3. Teachers shall be allowed to accumulate up to a total of five (5) personal leave days. Any days that would push the total above five (5) would be transferred to the teacher's sick leave account.
- B. SUMMER SCHOOL PERSONAL LEAVE. Each summer school teacher shall be granted one (1) summer school day of personal leave during the summer term worked by such teacher.
1. This leave is subject to the same conditions and rules which are set out in the personal leave section of this Contract.
 2. Absence under this section from one (1) day of summer school duties shall constitute usage of the full "summer school personal leave day" granted under this Contract.
 3. Any full "summer school personal leave day" which is not used during the summer term in which such day accrued shall be transferred to the teacher's sick leave account for accumulation and use as sick leave in accordance with the sick leave provisions of this Contract and shall be deemed for the purposes of such transfer to have been a full personal leave day accrued during the regular school year and not used during such year, rather than, for example, to have been two-thirds of a regular personal leave day.
- C. SICK LEAVE. Teachers shall be entitled to sick leave as follows:
1. ENTITLEMENT. At the beginning of each school year, or upon employment, each teacher under Contract shall be entitled to be absent from work because of personal illness or quarantine for a total of eleven (11) days during the first year of employment with the School Corporation and eleven (11) days for each succeeding year without loss of compensation.
 2. OTHER CORPORATIONS. In addition, if the teacher (1) was employed at another School Corporation in this or any other state, (2) accumulated one (1) or more days of sick leave at such other corporation, and (3) thereupon became employed by the Lafayette School Corporation, then for the second year and each succeeding year of employment with the Lafayette School Corporation, there shall be added up to twelve (12) days of sick leave until the number of accumulated days to which the teacher was entitled in the previous place of employment reaches sixty (60) days or is exhausted, whichever is less. Then, any days that exceed sixty (60) days can be transferred at the rate of six (6) days per year until they are all transferred. Such transfer of days shall be made provided the teacher has not been paid for the value of such sick leave days by his or her previous employer.
 3. SUMMER SCHOOL ENTITLEMENT. Each teacher shall also be entitled to be absent from work because of personal illness or quarantine for a total of two (2) days during each summer of summer school employment. Any such day which is not used during the

summer term in which it accrued shall be transferred to the teacher's accumulated sick leave account as if such day had accrued during a regular school year and shall be allowed to accumulate along with regular sick leave days until the maximum sick leave accumulation under this Contract is reached. Sick leave days which have accumulated during the regular school year may be used for summer school illness at a rate such that one (1) summer school day of absence shall be equal to two-thirds (2/3) of a regular school year accumulated day.

4. SICK LEAVE USAGE. Any teacher may use sick leave days for such teacher's medical and dental appointments, provided that a bona fide effort shall be made to schedule all such appointments at times other than during school hours.
5. ACCUMULATION. If in any one school year the teacher shall be absent under the sick leave provision of this Contract for less than the number of days which such teacher has accrued during such year, the remaining days shall be accumulative to a total of two hundred and fifty (250) days. Unused sick leave days which the teacher received during summer school shall be added into such accumulation in calculating the said two hundred and fifty (250) days.
6. ADDITIONAL SICK LEAVE BENEFIT. Teachers who are contracted to work for more days than the normal school year shall be entitled to additional sick leave benefits directly proportional to the additional time the teacher works for the Corporation beyond the normal school days of the regular school year.
- D. SICK LEAVE BANK. A sick leave bank shall be constituted as follows:
 1. Each qualified individual shall, upon being credited by the School Corporation with any sick leave days, contribute one (1) of such sick days received to the Sick Leave Bank Account and shall similarly contribute additional days, but no more than one (1) each year, in subsequent years as required by this Contract. To effect such contributions, the School Corporation shall note upon the appropriate record or records of each such individual the deduction of one (1) sick leave day to be contributed to the sick leave bank.
 2. Days which are thus placed in the sick leave bank shall, if unused, accumulate from school year to school year to a maximum of three thousand (3000) days.
 3. Following the initial contributions hereunder, contributions of one (1) day each school year shall be made by each qualified individual in the Corporation at the beginning of each school year subsequent to 1976-77. The School Corporation shall in no event be required to deduct from the sick leave accounts of any individual, for contribution to the sick leave bank, any fractional days, nor shall it be required to deduct from the accounts of some qualified individuals but not others.
 4. The Association shall have the full right and responsibility to promulgate the rules and regulations governing use of such sick bank days and to administer such bank, except as restricted by this Collectively Bargained Contract or by applicable law.

5. Rules and regulations governing use of such sick leave bank days, which rules and regulations shall be promulgated by the Association, shall be in writing. The Association shall provide a copy of such rules and regulations to any qualified individual upon reasonable request, shall provide a copy (including any updated editions) of such rules and regulations to the Superintendent of Schools within a reasonable time after their promulgation (or in the case of a new edition, their compilation), and shall advise the School Corporation in writing of any changes in such rules or regulations within a reasonable time following such changes.
6. The term "qualified individual" shall include all members of the bargaining unit. Any rules and regulations governing bank usage shall not distinguish between Association Members and Association Non-Members but shall apply without discrimination to all such categories.
7. In order to provide a legal justification for payment through the Sick Leave Bank Account of Corporation funds to any person, the Association shall, with regard to any person who is determined eligible to receive sick bank benefits, certify to the School Corporation in writing the eligibility of such individual and shall in addition notify the School Corporation as to the date any such benefits are to cease. In any event, however, benefits as to any and all individuals shall cease should the available days in the sick leave bank become exhausted.
8. The Association shall provide monthly statements of account to the School Corporation indicating the number of bank days used during the preceding month, and by whom, as well as indicating the balance of days remaining in the bank according to Association records.
9. As to this section, the Association agrees that it will hold the School Corporation harmless in or against any action or proceeding at law, in equity, or before any administrative or enforcement agencies in which the Corporation, its officers, administrators, or Board is made a part should such action or proceedings involve questions concerning the propriety of rules or regulations issued hereunder by the Association, concerning the administration of the sick leave bank, and/or concerning the making of payments by the School Corporation in reliance upon the Association's directions, which payments are found to be improper by administrative agencies or officials asserting jurisdiction over such matter, and the Association specifically agrees to the following:

That in the event of such action or proceeding as is aforementioned in this section, the Association agrees to defend the School Corporation by providing counsel of the Association's choosing to defend the Corporation in such action, and the Association agrees to pay the entire legal costs of such representation and of any money judgment against the corporation which might result from such action.
10. When there is an occurrence of a total disability, as defined by the long-term disability carrier, that causes a teacher to be absent from their normal work duties, the teacher should apply for long-term disability insurance. One hundred eighty (180) calendar days is the normal elimination period as determined by the terms of the long-term disability carrier. During this period, teachers will be granted a maximum of thirty (30) sick leave

bank days, unless they have exhausted the use of their personal sick days, in which case they will be granted sick leave bank days until the 180th calendar day. Teachers will not be allowed to use sick leave bank days beyond one hundred eighty (180) calendar days of an occurrence of a total disability.

Teachers who are approved for disability by the long-term disability carrier and also are enrolled in LSC's group health insurance coverage may receive employee health insurance coverage for two years from the occurrence of a total disability, or until becoming Medicare eligible, whichever comes first. The School Corporation will pay the share of the monthly health insurance premium that it pays for an employee on active duty, and the teacher will pay the remainder of the premium for the plan equal to the one in which the employee was enrolled at the time of the disability. After this period, teachers on long-term disability are considered to be on "long-term disability leave," and would be allowed to stay in the LSC group health insurance plan, paying the full premium of whatever health insurance plan they chose.

Teachers who apply for LTD benefits and are denied are ineligible for additional sick leave bank benefits arising out of this claim, except as set out herein.

If an employee's appeal to the LTD carrier is successful, the employee may be granted days from the sick leave bank to cover the period of the appeal, notwithstanding any other provision of this section.

The effective date of the above provisions will be the first day of the teacher contract year for 2000-2001.

11. All leave provided by the sick leave bank shall be accompanied by a statement from a medical doctor citing the necessity for such leave and that the employee is unable to work. The corporation may require a second opinion from a second physician to be selected by the LSC. Approval of days from the sick leave bank shall be contingent upon the confirmation from the second physician that the leave is necessary. LSC will pay for the second opinion visit.
- E. COVERED ABSENCES. Provided that a paid substitute is not hired to fill the teacher's absence, if any teacher is (1) absent for a portion of, but not for a full, student-contact day, (2) thereby misses classroom, student-supervisory, or other student-related duties, and (3) would otherwise be charged with having taken personal or sick leave; and if (4) the absent teacher's student-contact responsibilities are taken over in their entirety and performed voluntarily by another teacher or teachers qualified to perform the absent teacher's duties, in lieu of such volunteer's preparation, lunch or unassigned duty times and without slighting the volunteer's own employment responsibilities, then the absent teacher shall not be charged personal or sick leave for the absence. It is understood, however, that unless the said volunteer covers all of the absent teacher's student-contact periods and/or duties during the absence, the absent teacher shall not receive the benefit of this section. A teacher shall notify the building administrator or his or her designee of his or her absence prior to the teacher's departure. Such absence shall not occur on a regular basis nor shall such absences occur on a majority of days in any one week unless approved by the building principal.

- F. **BEREAVEMENT LEAVE.** Should there be a death in the teacher's immediate family, the teacher shall be entitled to be absent without loss of pay for up to five (5) consecutive school days within seven (7) calendar days. In computing this allowable absence, the calendar day which immediately follows the death, rather than the date on which the death occurs, shall be counted as the first day. In the event that a teacher is the executor or administrator of an estate, then that teacher shall not have to use the five (5) school days on a consecutive basis or within seven (7) calendar days but shall have one (1) year from the date of death to exercise this leave.
- G. **FUNERAL LEAVE.** Two (2) day's absence shall be allowed without loss of compensation for attendance at the funeral of an uncle, aunt, brother-in-law, sister-in-law, or close friend. The terms **UNCLE** and **AUNT** are defined as the brother and sister, respectively, of the teacher's father or mother.

Should such funeral occur at a place sufficiently distant that the teacher cannot, using a mode of transportation reasonably suited to the distance involved and reasonably calculated to minimize the length of travel time required, reasonably reach such location, attend, and return to employment duties by the beginning of the following school day, such teacher shall be granted reasonable travel time (which may include a partial day or days and shall take into consideration the scheduled time of the funeral) to reach such location, attend, and return, provided that in no case shall such travel time under this section be allowed to extend earlier than the day immediately prior to the funeral nor to extend later than the day immediately following such funeral.

- H. **PREGNANCY/CHILDBIRTH LEAVE.** Pregnancy/childbirth leave shall be granted by the Board in accordance with the following rules and requirements:
1. A teacher who wishes to use pregnancy leave shall notify the Superintendent in writing, at least thirty (30) days before the date on which she wishes to start her leave, of her intent to take such leave and the dates requested. However, in the case of a medical emergency caused by pregnancy, the teacher shall be granted a leave, as otherwise provided in this provision, immediately on her request and the certification of the emergency from an attending physician.

At the time of such notification, or as soon as reasonably possible in cases of medical emergency, the teacher shall also notify the Superintendent in writing of the time she will be returning to teaching, or should such be the case, of the fact that she does not intend to resume teaching duties. If the teacher intends to return to teaching and medical or other circumstances beyond her control require that the time of return be adjusted, she shall in addition, keep the School Corporation advised of any change in such return date.
 2. Except in cases of medical emergency (in which cases certification may be required as soon as reasonably possible) the School Corporation may require as a prerequisite to pregnancy leave that the teacher furnish such Corporation with a physician's statement which certifies the fact of her pregnancy. Should childcare leave after the birth be requested, the Corporation may similarly require that a

copy of the newborn's birth certificate be furnished as soon as reasonably possible after the birth.

3. The leave shall begin no later than the date medically determined by the teacher and such teacher's attending physician and shall end no earlier than at a time also medically determined by such teacher and attending physician, subject to the provisions of this section.
4. To continue in or return to her employment, the teacher must be in fact physically able to fulfill the requirements of her position. Should questions arise over the ability of the teacher to continue in or return to active employment in such position, then upon request by the School Corporation, the teacher shall furnish a statement or statements from her physician setting forth the facts and the physician's opinion as to such teacher's ability to continue to resume her duties. The School Corporation may mandate or otherwise condition the dates of such leave upon such statement(s).
5. All or any portion of a leave taken by a teacher because of medical disability connected with or resulting from the pregnancy may, at the teacher's option, be charged to the teacher's available sick leave, but such teacher shall be required, at the option of the School Corporation, to present a doctor's certificate of disability and personal physical inability to teach to justify such use of available sick leave days. Such use of sick leave shall be limited to the teacher's personal disabilities directly related to pregnancy and/or to the birth of the child.

If the teacher's total sick leave credits (which credits are understood in this context to consist of the teacher's own accumulated sick leave as well as such sick leave, if any, as is available to the teacher through any applicable Sick Leave Bank section of this Contract) do not cover the entire period of temporary disability or if the teacher has no sick leave credits available, the teacher shall continue on leave without pay for the remaining period of disability.

- I. **PARENTAL AND ADOPTION LEAVE.** Teachers who adopt a child or are in the process of adopting a child may use up to thirty (30) days from their accumulated sick leave to take care of issues associated with the adoption including bonding with the adopted child.

A teacher who adopts a child or whose spouse gives birth to a child during the term of this contract shall upon request, receive parental leave without pay for a period not to exceed three (3) consecutive semesters anytime between ten (10) days before the birth or adoption and up to ninety (90) days after the birth or adoption. Furthermore, any teacher who gives birth to a child may also request a parental leave without pay for a period not to exceed three (3) consecutive semesters concurrent with or in addition to the paid leave for the period of disability related to pregnancy. A teacher's right to parental leave shall be coordinated with the teacher's rights under the Family Medical Leave Act (FMLA) and any applicable policies adopted by the Board.

- J. **FAMILY ILLNESS LEAVE.** Teachers shall be allowed up to seven (7) paid leave days per year in case of serious illness or accident involving a member of the teacher's immediate family. A teacher shall be allowed to accumulate up to thirty (30) paid leave days for the sole purpose of giving care in the event of an extended illness or injury of an immediate family member.
- K. **LEGAL DUTY LEAVE.** Teachers shall be excused with pay for jury duty or when subpoenaed to appear as witnesses in court, except when the teacher is in court as a plaintiff, provided that the teacher shall endorse to the School Corporation and turn in to the Office of the Superintendent any check or other remuneration for such services.
- L. **POLITICAL LEAVE.** A leave of absence without pay for a period of six (6) weeks shall be granted to a teacher upon request for the purpose of campaigning for public office. If the teacher is elected to the office and the work of the public office would interfere with the task of teaching, the teacher shall be granted a leave of absence without pay for a period of time to enable the teacher to serve one (1) full term of not greater than one (1) year in the office to which he/she was elected. The administration will make a sincere effort to place a teacher who has served an extended term of more than one (1) year in a comparable position. This section shall not operate in derogation of IC 20-28-10-16 ("Teacher in General Assembly").
- M. **ADVANCED STUDY LEAVE.** A teacher who has been employed with the School Corporation for at least one (1) year and who has not yet earned such teacher's Master's Degree shall be granted a leave of absence without compensation to undertake full-time studies directed towards obtaining such degree, provided that the School Corporation shall not be required to grant leave under this section to any greater number of teachers than three (3) in one school year. Such leave shall not extend for a greater period than one (1) school year, although the School Corporation may, on a discretionary basis and without salary increase increments for the period of renewal, renew the leave for one (1) school year or less should the teacher apply for a renewal. The corporation may also in its discretion grant such study leave as is referred to herein to a greater number of teachers than three (3) but shall in no event be required to do so.
- N. **BUSINESS LEAVE.** An employee may be granted a leave of absence without compensation for personal reasons for a period of one year provided it does not in any way injure the program of the school. Scheduled increments, adjustments in salary, and retirement credit are not allowed for such leave. The conditions under which a person may return from a leave of personal business shall be determined by the Board at the time of approval of request for leave upon the recommendation of the Superintendent.
- O. **SABBATICAL LEAVE.** The School Corporation may grant a sabbatical leave without pay to a teacher for a period not exceeding one year, upon written request, for improvement of professional skills through approved advanced study, for participation as a Peace Corps or Vista volunteer, or for work experience in other approved areas, for official teacher exchange programs, or for approved educational travel, provided that the absence of such teacher shall not operate to injure school corporate programs. Only teachers who have completed seven (7) years of service with the School Corporation shall be eligible for such leave. The time of such leave shall be credited toward the

teacher's retirement. After taking such leave, however, the teacher shall be obligated to return to employment with the corporation for a period of time equal to the length of the time of the sabbatical leave granted.

- P. PROFESSIONAL ORGANIZATION AND VISITATION LEAVE. The Board and the LEA encourage teachers to participate actively in meetings of local, state, and national professional organizations. The payment of reasonable itemized expenses incurred in attendance will be made provided that money budgeted for such purposes remains, and the teacher's leave has been approved by the Superintendent or his designee.

1. Requests for permission to attend professional meetings, for permission to visit other schools during school time, or for permission to use school funds for particular expense purposes must be in writing and filed with the Superintendent or his designee by the first of the month in which the professional meeting or other relevant activity is scheduled to occur. If the teacher is not notified of a conference until after the first of such month, the teacher shall be allowed to file the request with the Superintendent or his designee at a later date.

2. A written report shall be filed with the Superintendent on the activities of the conference or visitation with recommendations, if any, for use in the School Corporation.

3. The LEA shall assume the expenses incurred by Association members in attending meetings of organizations affiliated with the United Education Profession, except that the Lafayette School Corporation shall pay for the substitute teacher(s) required, if any, that may be needed as a result of teachers attending such meetings.

- Q. LEA LEAVE. The LEA shall be granted twenty-two (22) days each school year to conduct Association business and perform Association functions. When used for lobbying, the President of the LEA shall request such leave from the Superintendent or his designee at least 24 hours in advance and shall identify the individual(s) designated to use such leave. The Superintendent or his designee shall grant timely requests pursuant to this provision unless the time of the request presents an extraordinary hardship to the School Corporation. This leave may be taken in whole day or half day increments.

- R. GENERAL PROVISIONS. "Immediate family," when used in Article V of this Contract, shall refer to the teacher's spouse, children, parents, brother, sister, grandparents, mother-in-law, father-in-law, or any other person if such person is domiciled and residing in the teacher's home as a member of such teacher's family. Such term shall also include any individual whether or not related by blood, who in fact reared the teacher or teacher's spouse as the parent during a substantial number of such teacher's or teacher's spouse's childhood years.

ARTICLE V GRIEVANCE PROCEDURE

- A. DEFINITIONS.

1. A "grievance" is a claim by one (1) or more teachers of a violation or an alleged misinterpretation of an Article or section of this Contract.

2. The term "teacher" includes any individual or group of individuals within the certificated bargaining unit.

3. The term "day" when used in this Article shall be school teaching days. During the summer recess, the term shall mean weekdays (Monday through Friday).

B. The purpose of this grievance procedure is to settle equitably, at the lowest possible administrative level, issues which may arise from time to time with respect to claims of a violation or alleged misinterpretation of this Contract. Both parties agree that these proceedings shall be kept as confidential as may be appropriate at each level of the procedure.

C. Nothing contained herein shall be construed to prevent any individual teacher from presenting a grievance and having the grievance adjusted if the adjustment is not inconsistent with the terms of this Contract, and if the Association has been given an opportunity to be present at such hearings.

D. PROCEDURE.

The number of days indicated at each level shall be considered as maximum and every effort shall be made to expedite the process. The time limits may be extended by mutual consent in writing by authorized representatives of each party.

1. LEVEL ONE. A teacher with a grievance may initiate this procedure in one (1) of the following ways:

- a. A teacher may approach the immediate supervisor concerned and discuss the matter in the teacher's own behalf.
- b. A teacher may request that a representative of the Association accompany him or her in approaching the teacher's immediate supervisor. In such case, the supervisor shall not initiate any consultation with the teacher concerning the grievance at which the representative is not present.
- c. In the event that steps "a" and "b" above are unsuccessful, the teacher may file a formal grievance in writing on the form shown in Appendix D. This form shall be filed in quadruplicate with one (1) copy to the Association, one (1) copy to the grievant, one (1) copy to the immediate supervisor, and one (1) copy for the Corporation. A formal grievance shall be filed as soon as possible but in no event longer than thirty (30) days after disclosure of the facts giving rise to the grievance.
- d. Within ten (10) days of the filing of the formal grievance in writing, a meeting shall take place between the immediate supervisor concerned, the

grievant, and the Association representative; and an answer to the grievance shall be given to the grievant in writing within ten (10) days after that meeting.

2. LEVEL TWO. If the grievance is not settled at Level One, it may be appealed to the Board by filing a written notice with the Board's chief administrator, the Superintendent, stating the grounds for the appeal. A meeting with the Board or its designated representative(s) shall be held within ten (10) days following the receipt of such notice and the Superintendent shall promptly notify the grievant and the Association of the date, the time, and the place where such appeal shall be heard. The Board's written decision shall be transmitted to the grievant and the Association within ten (10) days after the hearing.
3. LEVEL THREE. If the grievance is not satisfactorily resolved in LEVEL 2, or the Superintendent fails to answer the grievance as required, the Association may within (90) working days of receipt of the Superintendent's decision, appeal to a court of competent jurisdiction. Failure of the Association to file such an appeal within ninety (90) working days shall result in waiver of the grievance and any appeal thereof.

E. TIME LIMITS.

1. If there is a failure at any step to communicate the decision of the Board on a grievance within the specified time limit, the grievance shall move to the next step.
2. Any grievance not advanced from one step to the next within the time limits, shall be deemed resolved by the answer at the previous step without prejudice to any other grievance that may be filed. The Association shall notify the appropriate administrator or Board within 30 days after the receipt of a written decision if it plans to drop the grievance.

F. OTHER PROVISIONS RELATING TO THE GRIEVANCE PROCEDURE.

1. No act of recrimination may be taken against the grievant by the administration or any agent of the Board because of the grievant's decision to file a grievance, including providing a prospective employer with any information regarding the grievance procedure.
2.
